FIRST SCHEDULE**SECOND SCHEDULE****CHAPTER 61:01****MINES AND MINERALS**

An Act to make provision with respect to searching for and mining minerals, to repeal the mining Act and certain other Acts and to provide for matters connected therewith and incidental thereto.

[1ST JUNE, 1981]

1 of 1981
2 of 1983
G.N.
31/1981

PART I
PRELIMINARY

1. This Act may be cited as the Mines and Minerals Act
2. – (1) The entire property in, and control over, minerals in land in Malawi are vested in the President on behalf of the people of Malawi; but without prejudice to the exercise of any right under or pursuant to this Act.
 - (2) Nothing in subsection (1) shall operate so as to affect any interest of a person in earth, clay, granite, limestone, marble, sand, stone or other similar substance upon or in land, being an interest created by virtue of any Certificate of Claim or ownership of land or other disposition made by or on behalf of the British Crown.
 - (3) Subject to sections 115 and 116, no person shall carry on in Malawi reconnaissance, prospecting or mining operations, except under and in accordance with a Mineral Right, a non-exclusive prospecting licence, a claim or a mineral permit.
 - (4) Any person who contravenes subsection (3) is guilty of an offence and liable on conviction –
 - (a) in the case of an individual, to a fine of one thousand Kwacha or to imprisonment for a term of two years, or to both; or
 - (b) in the case of a body corporate, to a fine of twenty thousand Kwacha.

sioner's
Functions. ect.
- (2) The Commissioner may designate any public officer to be an authorized officer for the purposes of this Act or any provision of this Act.

-
- 7.–** (1) Subject to subsection (2), no information furnished, or information in a report submitted, pursuant to section 66 by the holder of Mineral Right, shall, for as long as the Mineral Right has effect, be disclosed, except with the consent of the holder of the Mineral Right. Prohibition against disclosure of information
- (2) Nothing in subsection (1) operates to prevent the disclosure of information where the disclosure is made –
- (a) for or in connexion with the administration of this Act;
 - (b) for the purpose of any legal proceedings;
 - (c) for the purpose of any investigation or inquiry conducted under this Act;
 - (d) to any consultant to the Government, or to any public officer, who is approved by the Commissioner as a proper person to receive the information.
- (3) Any person who contravenes subsection (1) is guilty of an offence and liable on conviction to a fine of one thousand Kwacha or to imprisonment for a term of two years, or to both.
- 8.–** (1) In this section, “officer” means a public officer for the time being engaged in the administration of this Act. Officers holding certain shares to notify Minister
- (2) Where an officer, either directly or indirectly, holds any shares in a body corporate which is the holder of a Mineral Right, he shall, without delay, notify the Minister in writing of that fact giving in the notice particulars of the shares held by him.
- (3) For the purposes of this section, the holding by the wife or husband (not herself or himself being an officer) of an officer of any shares of the kind referred to in subsection (2), is deemed to be a holding by the officer of the shares.
- (4) This section applies with respect to shares whether acquired before or after the commencement of this Act, or whether acquired by a person before he became an officer.
- 9.** A public officer does not incur any liability in respect of the exercise or performance, or purported exercise or performance, by him in good faith of any function under and for the purposes of this Act. Indemnity 2 of 1983

PART III

MINERAL RIGHT

Division 1 – General

- 10.** The Minister, on behalf of the Republic, may enter into an agreement (not inconsistent with this Act) with any person with respect to all or any of the following matters, namely – Agreements with respect to the grant of Mineral Rights
- (a) the grant to that person, or to any person (including any body corporate to be formed) identified in the agreement, of a Mineral Right on the condition (if any) specified in the agreement;

- (b) conditions or the conditions to be included in the Mineral Rights as granted or renewed; or
- (c) any matter incidental to or connected with the foregoing

11. – (1) An application under this Part –

Application

- (a) shall be made to the Minister, or, if so prescribed, to the Commissioner;
 - (b) shall be in or to the effect of a form approved by the Minister;
 - (c) shall be accompanied by the prescribed fee; and
 - (d) may be withdrawn by the applicant giving to the Minister or, in the case of an application made to the Commissioner, to the Commissioner a notice of withdrawal.
- (2) Any application under this Part required to be made to the Minister shall be made to him through the Commissioner.
- (3) The Minister may, by notice served on an applicant for the grant or renewal of a Mineral Right, or for the enlargement of a prospecting area or a mining area under section 68, direct the applicant to publish details of his application at a time or times and in the manner specified in the notice, or give details of his application to such persons and in a manner specified in the notice,

12. – (1) The Minister may, by notice served on an application for the grant of a Mineral Right, require the applicant to furnish him, within such reasonable time as is specified in the notice, –

Power of Minister to obtain information concerning applications, etc.

- (a) with such further information relevant to the application as may be described in the notice; and
- (b) if the applicant, or any of the applicants, is a body corporate, with such information as may be described in the notice to enable him to ascertain to what extent the controlling power in the direction of the affairs of the body corporate is a corporation incorporated outside Malawi, or an individual or individuals resident outside Malawi.

(2) To enable him to dispose of an application for the grant of a Mineral Right, the Minister –

- (a) may cause such investigations, negotiations or consultations to be carried on as he considers necessary; and
- (b) may, by notice served on the applicant for the grant of the Mineral Right, require the applicant to furnish him, within such reasonable time as is specified in the notice, with such proposals, by way of alteration to or in addition to any proposals in the application, as the Minister specifies in the notice.

13. No Mineral Right –

(a) shall be granted to an individual unless he is a citizen of Malawi or has been ordinarily resident in Malawi during the Period of four years immediately preceding the date on which his application for the grant of a Mineral Right is made;

(b) being a reconnaissance licence or an exclusive prospecting licence, shall be granted to a body corporate unless the body corporate is –

- (i) a company;
- (ii) a corporation incorporated in Malawi; or
- (iii) a corporation (not being a corporation of a kind referred to in subparagraph(ii)) approved by the Minister; or

(c) being a mining licence, shall be granted to a body corporate unless the body corporate is –

- (i) a company; or
- (ii) a corporation incorporated in Malawi.

14. A Mineral Right shall be in accordance with such form as the Minister approves.

15. Where the doing of any act is regulated or prohibited by a written law (other than this Act), nothing in this Act shall be construed as authorizing the holder of a Mineral Right to do the Act –

- (a) otherwise than in accordance with the written law; and
- (b) without first obtaining the licence, permit, authority, or other instrument (if any), required under the written law for the doing of the act.

Division 2 – Reconnaissance Licences

16. An application for the grant of a reconnaissance licence –

(a) shall give in respect of the person or, if there is more than one person, of each person making the application-

- (i) in the case of an individual, his full name and nationality; or
- (ii) in the case of a body corporate, its name and place of incorporation, the names and nationality of the directors or equivalent officers and, if the body corporate has a share capital, the name of any person who is the beneficial owner of more than five per centum of the issued share capital;

(b) shall be accompanied by a plan of the area over which the licence is sought, drawn in such manner and showing such particulars as the Minister may require;

Restriction on persons to whom Mineral Right may be granted

Form of Mineral Right

Restriction on exercise of rights by holder of Mineral Right

Application for reconnaissance licence

(c) shall identify the minerals in respect of which the licence is sought;

(d) shall be accompanied by a statement giving particulars of the financial and technical resources available to the applicant for the licence;

(e) shall give or be accompanied by a statement giving particulars of the programme of reconnaissance operations proposed to be carried out in the area of land over which the licence is sought, an estimate of the cost of carrying out the programme and of the period required for completion of the programme, and an estimate of any significant effect which the carrying out of the programme would be likely to have on the environment or on any monument or relic in the area over which the licence is sought; and

(f) may set out any other matter which the applicant wishes the Minister to consider.

17. (1) Subject to this Act, on application duly made, the Minister may grant on such conditions as he may determine, or refuse to grant, a reconnaissance licence over any area of land.

Disposal of application for reconnaissance licence

(2) The area of land over which a reconnaissance licence is granted shall be of such shape, orientation and dimensions, as may be prescribed in, or as may be determined in accordance with, the Regulations.

18.—(1) No reconnaissance licence shall be granted over an area of land in, or which constitutes,—

Restriction on grant of reconnaissance licence

(a) a prospecting area if a person, other than the person to whom the reconnaissance licence would be granted, is the holder of an exclusive prospecting licence over the area in respect of a mineral of which the reconnaissance licence would relate;

(b) a mining area; or

(c) a claim area.

(2) Where an area of land is subject to a reconnaissance licence which, pursuant to section 20(4), gives to the holder of the licence an exclusive right to carry on reconnaissance operations in that area, no other reconnaissance licence shall be granted over land in, or which constitutes, that area in respect of any mineral to which that exclusive right relates.

(3) Where it is necessary to fly over any land for the purpose of the exercise of any right under section 23, nothing in this section operates to prevent any such flight from being undertaken.

19.-(1) The Minister shall give notice to an applicant for the grant of a reconnaissance licence of his decision on the application and, if he is prepared to grant the licence, he shall give in the notice details of the proposed licence.

Notice of decision on application for reconnaissance licence

(2) If an applicant, within sixty days after he is given notice pursuant to subsection (1) that the Minister is prepared to grant a reconnaissance licence, fails to give notice to the Minister of his willingness to accept the proposed licence, his application lapses.

20.- (1) A reconnaissance licence shall –

Contents of reconnaissance licence

- (a) state the date of the grant of the licence and the period for which it is granted;
- (b) include a description, and, if the Minister so directs, a plan of the area of land over which it is granted;
- (c) state the conditions on which it is granted; and
- (d) identify any mineral to which the licence relates.

(2) Subject to any relevant agreement of a kind referred to in section 10, there may be included in, or in a statement appended to, a reconnaissance licence either or both of the following conditions, namely–

- (a) a condition that in, or in relation to, the reconnaissance area, the holder of the licence will, during a specified period, carry out the programme of reconnaissance operations and expend the amounts specified in the licence; or
- (b) a condition requiring the holder of the licence, in respect of any period and in the manner specified, to submit to the Minister acceptable proposals for the carrying out of a programme of reconnaissance operations and the expenditure of amounts in, or in relation to, the reconnaissance area during that period.

(3) Where the Minister is satisfied that an initial period is required to make the necessary preparations to carry on reconnaissance operations, he may specify in a reconnaissance licence a period (not exceeding three months) as the preparation period.

(4) a reconnaissance licence may, in respect of any mineral to which the licence relates, confer on the holder of the licence the exclusive right to carry on reconnaissance operations in the reconnaissance area.

21.- (1) The term of a reconnaissance licence is the period for which the licence is granted, not exceeding twelve months, stated in the licence, and any preparation period specified in the licence pursuant to section 20 (3).

Term of reconnaissance licence

- (2) The term of a reconnaissance licence commences on and includes the date on which the licence is granted, as stated in the licence.

22. – (1) Subject to this section, where the holder of a reconnaissance licence applies for the grant of an exclusive prospecting licence over an area of land in the reconnaissance area and the application has not been finally dealt with before the date on which the reconnaissance licence would, but for this subsection, cease to have effect, the reconnaissance licence continues to have effect over the area of land until-

Miscellaneous provision concerning reconnaissance licences.

- (a) notice is given to the applicant pursuant to section 28 of the refusal to grant the exclusive prospecting licence; or
 - (b) as the case may be, the date of the grant of the exclusive prospecting licence, as stated in the exclusive prospecting licence.
- (2) Where an exclusive prospecting licence is granted to the holder of a reconnaissance licence, the land subject to that exclusive prospecting licence ceases to be subject to that reconnaissance licence, but no other reconnaissance licence is affected by the grant of that exclusive prospecting licence.
- (3) Where area of land becomes a mining area, it ceases to be subject to any reconnaissance licence to which it was subject immediately before becoming a mining area.
- (4) Subsection (1) shall not have effect-
- (a) to prevent the cancellation under this Act of a reconnaissance licence; or
 - (b) if an application for the grant of an exclusive prospecting licence is withdrawn.

23.-(1) Subject to this Act and the conditions of the licence, a reconnaissance licence, while it has effect, confers on the holder of the licence the right to carry on reconnaissance operations in or over the reconnaissance area, and for the purpose of the exercise of that right the holder may, subject to this Act and the conditions of the licence, in particular, either himself, or by way of employees or agents, enter the reconnaissance area, and erect camps and temporary buildings, or erect installations in any waters forming part of the reconnaissance area.

Rights of holder of reconnaissance licence

- (2) The holder of a reconnaissance licence shall not engage in drilling, excavation or other subsurface techniques, except where and to the extent he is authorized by his licence to use any of those techniques.

24.-(1) The holder of a reconnaissance licence-

Duties of holder of reconnaissance licence

- (a) shall, subject to subsection (2), carry on reconnaissance operations in accordance with his programme of reconnaissance operations;

(b) Shall, subject to subsection (2), expend in, or in relation to, the reconnaissance area an amount not less than the amount required by the licence or otherwise to be so expended; and

(c) shall carry on reconnaissance operations in accordance with the requirements of this Act.

(2) The Minister may, on application made to him by the holder of a reconnaissance licence, limit, reduce, vary or suspend any obligation arising pursuant to subsection (1) (a) or (b) either conditionally or unconditionally.

Division 3-Exclusive Prospecting Licences

25. An application for the grant of an exclusive prospecting licence-

(a) shall give information of the kind referred to in section 16 (a), and shall give or be accompanied by a statement giving particulars of the kind referred to in section 16 (d);

(b) shall identify the minerals in respect of which the licence is sought;

(c) shall be accompanied by a plan of the kind referred to in section 16 (b);

(d) shall state the period for which the licence is sought;

(e) shall give or be accompanied by a statement giving particulars of the programme of prospecting operations proposed to be carried out in the area of land over which the licence is sought and an estimate of the cost of carrying out the programme, and an estimate of any significant effect which the carrying out of the programme would be likely to have on the environment and on any monument or relic in the area over which the licence is sought;

(f) shall give or be accompanied by a statement giving particulars of the applicant's proposals with respect to the employment and training of citizens of Malawi;

(g) shall be accompanied by a statement giving particulars of expected infrastructure requirements; and

(h) may set out any other matter which the applicant wishes the Minister to consider.

26.-(1) Subject to this Act and to any relevant agreement of a kind referred to in section 10, on application duly made, the Minister may grant on such conditions as he may determine, or refuse to grant, an exclusive prospecting licence over any area of land.

Disposal of
application
for exclusive
prospecting
licence

(2) The area of land over which an exclusive prospecting licence is granted shall be of such shape, orientation and dimensions as may be prescribed in, or as may be determined in accordance with, the Regulations.

27.—(1) No exclusive prospecting licence shall be granted over an area of land in, or which constitutes—

- (a) a mining area; or
- (b) a claim area.

Restriction
on grant of
exclusive prospecting
licence

(2) Where an area of land is subject to an exclusive prospecting licence, no other exclusive prospecting licence shall be granted over land in, or which constitutes, that area in respect of any mineral to which the subsisting exclusive prospecting licence relates.

(3) Where an area of land is subject to a reconnaissance licence which gives, pursuant to section 20 (4), to the holder of the licence an exclusive right to carry on reconnaissance operations in respect of the land, an exclusive prospecting licence shall not be granted in respect of any mineral to which that exclusive right relates, over land in, or which constitutes, that area, to a person other than the holder of the reconnaissance licence.

(4) No exclusive prospecting licence shall be granted to an applicant unless—

- (a) the applicant has adequate financial resources, technical competence and experience to carry on effective prospecting operations;
- (b) the programme of proposed prospecting operations is adequate;
- (c) the applicant's proposals for the employment and training of citizens of Malawi are adequate; and
- (d) the applicant is not in default.

28. The provisions of section 19 apply in relation to an application for the grant of an exclusive prospecting licence as they apply in relation to an application for the grant of a reconnaissance licence.

Section 19
to apply to application
for exclusive
prospecting
licence

29.— (1) An exclusive prospecting licence shall —

- (a) state the date of the grant of the licence and the period for which it is granted;
- (b) identify the mineral in respect of which it is granted;
- (c) include a description and, if the Minister so directs a plan of the area of land over which it is granted; and
- (d) state the conditions on which it is granted.

(2) Where the Minister is satisfied that an initial period is required to make the necessary preparations to carry on prospecting operations he may, in an exclusive prospecting licence, specify a period (not exceeding three months) as the preparation period.

(3) There shall be appended to an exclusive prospecting licence a programme for the employment and training of citizens of Malawi.

30.-(1) In addition to conditions included in an exclusive prospecting licence under section 29 (1), or on any extension of the licence under section 50, -

Programme
prospecting
operations

(a) the licence is subject to the condition that not later than one month before the anniversary in any year of the grant of the licence, the holder of the licence shall submit to the Minister in detail an adequate programme with respect to work and ex-penditure to be carried out or made in the year of the licence immediately following; and

(b) the programme so submitted is deemed to constitute a requirement of the licence with respect to prospecting operations and expenditure.

(2) The requirement in subsection (1) (a) that the programme submitted shall be adequate is deemed to have been met where the programme submitted satisfies the requirements (if any) with respect to work and expenditure contained in a relevant agreement of a kind referred to in section 10.

31. There may be included in an exclusive prospecting licence provision with respect to the exercise, by the Republic or a person identified in the licence, of an option to acquire on stipulated terms, or on terms to be agreed, an interest in an mining venture which may be carried on in relation to land in, or which constitutes, the prospecting area.

Option

32. – (1) The term of an exclusive prospecting licence is the period for which the licence is granted, not exceeding three years, stated in the licence, and any preparation period specified in the licence pursuant to section 29 (2).

Term of exclusive
prospecting
licence

(2) The term of an exclusive prospecting licence commences on and includes the date of the grant of the licence, as stated in the licence.

33. – (1) Subject to this section, where the holder of an exclusive prospecting licence applies for the grant of a mining licence over any area of land in, or which constitutes, the prospecting area, and the application has not been finally dealt with before the date on which the exclusive prospecting licence would, but for this subsection, cease to have effect, the exclusive prospecting licence continues to have effect over that area of land until –

Miscellaneous
provisions concerning
exclusive prospecting
licences

- (a) notice is given to the applicant pursuant to section 40 of the refusal to grant the mining licence; or
- (b) as the case may be, the date of the grant of the mining licence, as stated in the mining licence.

(2) Where a mining licence is granted over any area of land wholly or partly in one, or more than one, prospecting area –

(a) the exclusive prospecting licence held by the person to whom the mining licence is granted ceases to have effect in the mining area; and

(b) the exclusive prospecting licence held by any other person –

(i) ceases to have effect if the prospecting area covered by the licence is within, or is constituted by the same area of land as, the mining area; or

(ii) as the case may be, continues to have effect only in relation to land outside the mining area.

(3) Subsection (1) shall not have effect -

(a) to prevent the cancellation under this Act of an exclusive prospecting licence; or

(b) if an application for the grant of a mining licence is withdrawn.

(4) An exclusive prospecting licence may continue to have effect pursuant to this section notwithstanding that the prospecting area has ceased to be in the shape or to have the dimensions prescribed in respect of prospecting areas or, as the case may be, approved in respect of that area.

34. Subject to this Act and the conditions of the licence, an exclusive prospecting licence, while it has effect, confers on the holder of the licence the exclusive right to carry on prospecting operations in the prospecting area for the mineral to which the licence relates, and for the purpose of the exercise of that right the holder may, subject to this Act and the conditions of the licence, in particular, either himself, or by way of his employees or agents, enter the prospecting area and erect camps and temporary buildings, or erect installations in any waters forming part of the prospecting area.

Rights of holder of exclusive prospecting licence

35. The holder of an exclusive prospecting licence -

(a) shall commence prospecting operations within three months of the date of the grant of the licence, as stated in the licence;

Duties of holder of exclusive prospecting licence

(b) Shall, subject to sections 36 and 54, carry on prospecting operations in accordance with his programme of prospecting operations;

(c) Shall give to the Minister notice of the discovery -

(I) of any mineral to which his licence relates of possible commercial value; and

(ii) of any mineral deposit of possible commercial value, within thirty days of the discovery;

(d) shall, subject to section 36, expend in, or in relation to, the prospecting area an amount not less than the amount required by the licence or otherwise to be so expended;

(e) shall, subject to section 36, employ and train citizens of Malawi in accordance with the proposals in that connexion particulars of which have been given in or appended to the licence; and

(f) shall carry on prospecting operations in accordance with the requirements of this Act.

36. – (1) The Minister may, on application made to him by the holder of an exclusive prospecting licence, limit, reduce, vary or suspend any obligation arising pursuant to section 35 (b), (d) or (e) either conditionally or unconditionally.

Variation,
etc., of
obligations

(2) To enable him to dispose of an application under subsection (1) the Minister may, by notice served on the applicant, require the applicant to furnish him, within such reasonable time as is specified in the notice, with such information relevant to the application as may be described in the notice.

Division 4 – Mining Licences

37.- (1) An application for the grant of a mining licence may be made by the holder of an exclusive prospecting licence or by a person who is not such a holder.

Application
for mining
licence

(2) Where an application for the grant of a mining licence is made by the holder of an exclusive prospecting licence, the application shall be made –

(a) only in respect of land subject to the exclusive prospecting licence;

(b) only if the holder has given notice to the Minister of the discovery in commercial quantities of any mineral to which his licence relates; and

(c) not later than two months, or such further period as the Minister may allow, after that notice was given to the Minister.

(3) An application for the grant of a mining licence -

(a) shall give information of the kind referred to in section 16 (a);

(b) shall identify the minerals which it is proposed to mine;

(c) shall state the number of the exclusive prospecting licence (if any) held by the applicant and shall give details of any exclusive prospecting licence held by the applicant or by any person controlling, controlled by or under joint or common control with, the applicant, during the preceding four years

(d) shall be accompanied by a plan of the area over which the licence is sought drawn in such manner as the Minister may require and showing -

(i) the name of each lawful occupier of a holding in, or partly in, that area and, in the case of more than one such holding, the boundaries within that area of each such holding; and

(ii) such other particulars as the Minister may require;

(e) shall state the period for which the licence is sought;

(f) shall give or be accompanied by a statement giving details of the mineral deposits in the area of land over which the licence is sought, including details of all known minerals proved, estimated or inferred, ore reserves and mining conditions;

(g) shall be accompanied by a technological report on mining and treatment possibilities and the intention of the applicant in relation thereto;

(h) shall give or be accompanied by a statement giving particulars of the programme of proposed mining operations including a statement of -

(I) the estimated date by which the applicant intends to work for profit;

(ii) the estimated capacity of production and scale of operations;

(iii) the estimated overall recovery of ore and mineral products;

(iv) the nature of the products;

(v) proposals for the prevention of pollution, the treatment of wastes, the safeguarding of natural resources, the progressive reclamation and rehabilitation of land disturbed by mining and for the minimization of the effects of mining on surface water and ground water and on adjoining or neighbouring lands;

(vi) the residual effects on the environment of the mining operations and proposals for their minimization;

(vii) any particular risks (whether to health or otherwise) involved in mining the mineral, and proposals for their control or elimination; and

(viii) any significant effect which the carrying out of the programme would be likely to have on the environment and on any monument or relic in the area over which the licence is sought and proposals for eliminating or controlling that effect;

(i) shall give or be accompanied by a statement giving a detailed forecast of capital investment, operating costs and revenues and the anticipated type and source of financing;

(j) shall be accompanied by a report on the goods and services required for the mining operations which can be obtained within Malawi and the applicant's proposals with respect to the procurement of those goods and services;

(k) shall give or be accompanied by a statement giving particulars of the applicant's proposals with respect to the employment and training of citizens of Malawi;

(l) shall be accompanied by a statement giving particulars of expected infrastructure requirements; and

(m) may set out any other matter which the applicant wishes the Minister to consider.

(4) Where an application for the grant of a mining licence is made by a person who is not the holder of an exclusive prospecting licence the application shall, in addition to the matter referred to in subsection (3), give or be accompanied by a statement giving particulars of the financial and technical resources available to the applicant for the licence.

38.-(1) Subject to this section, section 39 and to any relevant agreement of a kind referred to in section 10, on application duly made by the holder of an exclusive prospecting licence the Minister shall grant, on such conditions as he may determine, the mining licence applied for.

Disposal of application
for mining licence

(2) Subject to this section and section 39, on application duly made by a person who is not the holder of an exclusive prospecting licence, the Minister may grant, such conditions as he may determine, or refuse to grant, the mining licence applied for.

(3) To enable him to dispose of an application for the grant of a mining licence, the Minister may, by notice given to the applicant, require the applicant, at his own expense, to commission an independent study by consultants acceptable to the Minister for the purpose of -

(a) assessing the feasibility of the programme of mining operations proposed in the application; or

(b) assessing, or making recommendations about, such other matters arising out of, or connected with, the application, as the Minister may specify in the notice.

39.-(1) No mining licence shall be granted over an area of land in, or which constitutes,-

Restriction on grant
of mining licence

- (a) a mining area; or
- (b) a claim area.

(2) Where an area of land is subject to a reconnaissance licence which, pursuant to section 20 (3), gives to the holder of the licence an exclusive right to carry on reconnaissance operations in that area in respect of any mineral, a mining licence shall not be granted over land in, or which constitutes, the reconnaissance area, in respect of any such mineral, to any person other than the holder of the reconnaissance licence.

(3) No mining licence over land in, or which constitutes, a prospecting area shall be granted to a person who is not the holder of a prospecting licence over that land.

(4) Subject to any relevant agreement of a kind referred to in section 10, no mining licence shall be granted to an applicant unless -

(a) the programme of proposed mining operations -

(i) takes proper account of environmental and safety factors; and

(ii) will ensure the most efficient and beneficial use of the mineral resources concerned;

(b) the area of land over which the licence is sought is not in excess of the area reasonably required to carry out that programme;

(c) the applicant has adequate financial resources, technical competence and experience to carry on effective mining operations;

(d) the applicant's proposals for the employment and training of citizens of Malawi are adequate;

(e) the applicant's proposals with respect to the procurement of goods and services obtainable within Malawi are satisfactory;

(f) any relevant option given pursuant to section 31 has been exercised and given effect to or satisfactory arrangements have been made for that purpose; and

(g) the applicant is not in default.

(5) Where an application for the grant of a mining licence is duly made by the holder of an exclusive prospecting licence, the Minister shall not refuse an application for the grant of a mining licence on a ground referred to in subsection (3) (a), (b), (d), (e), (f) or (g) unless he has -

(a) given notice to the applicant of his intention to refuse to grant the licence on that ground (giving particulars); and

(b) specified in the notice a date before which the applicant may make appropriate proposals to remove the ground for refusal or, as the case may be, remedy the default, or make representations in relation thereto

and the applicant has not, before that date –

- (c) given notice to the Minister containing proposals or representations which the Minister accepts; or
- (d) remedied the default.

40. The provisions of section 19 apply in relation to an application for the grant of a mining licence as they apply in relation to an application for the grant of a reconnaissance licence.

Section 19
to apply to application
for mining
licence

41. (1) a mining licence shall -

Contents of mining
licence

- (a) state the date of the grant of the licence and the period for which it is granted; and
- (b) identify the mineral in respect of which it is granted

(2) There shall be appended to a mining licence particulars of the holder's proposals for the employment and training of citizens of Malawi which shall form part of the licence.

(3) Subject to any relevant agreement of a kind referred to in section 10, there may be included in, or in a statement appended to, a mining licence either or both of the following conditions, namely -

- (a) a condition that in, or in relation to, the mining area, the holder of the licence will, during a specified period, carry out the programme of mining operations and expend the amounts specified in the licence; or
- (b) a condition requiring the holder of the licence, in respect of any period and in the manner specified, to submit to the Minister acceptable proposals for the carrying out of a programme of mining operations and the expenditure of amounts in, or in relation to, the mining area during that period.

(4) There may be included in a mining licence conditions with respect to the processing, disposal or sale of the minerals to be mined.

42. – (1) The term of a mining licence is the period (not exceeding twenty-five years), or the estimated life of the ore body which it is proposed to mine, whichever is the shorter, stated in the licence.

Term of
mining
licence

(2) The term of a mining licence commences on and includes the date of the grant of the licence, as stated in the licence.

43.- (1) Subject to this Act and the conditions of the licence, a mining licence, while it has effect, confers on the holder of the licence the exclusive right to carry on prospecting and mining operations in the mining area and for the purpose of the exercise of that right the holder may, subject to this Act and the conditions of the licence, in particular –

Rights
of holder
of mining
licence

(a) use employees and agents;

(b) take all reasonable measures in that area, including the use of necessary equipment and the erection of necessary installations, plant and buildings for mining, and transporting, dressing, treating, smelting or refining any mineral recovered; and

(c) dispose of any mineral product recovered; and stack or dump any mineral or waste products in a manner approved by the Minister.

(2) The holder of a mining licence –

(a) shall not intentionally carry on prospecting or mining operations for a mineral unless it is a mineral to which his licence relates; and

(b) shall not mine any mineral deposit, particulars of which have not been given pursuant to section 37 (3) (f) in his application, or in a statement accompanying his application, for the grant of the licence, without the approval of the Minister given under subsection (3).

(3) Where in the exercise of his rights the holder of a mining licence discovers any mineral deposit particulars of which were not given pursuant to section 37 (3) (f) in his application, or in a statement accompanying his application, for the grant of the licence, the holder -

(a) shall within the period of thirty days after the discovery give notice and particulars of the mineral deposit and the circumstances in which the discovery was made; and

(b) may, in the notice, request the Minister to give his approval to the mining of the mineral deposit in accordance with a programme of mining operations stated in the notice.

(4) Subject to subsection (5), on a request made pursuant to subsection (3) (b), the Minister -

(a) shall, if the mineral deposit consists, or consists primarily, of minerals to which the mining licence relates, and the programme of mining operations stated in the notice containing the request is satisfactory, give his approval to the request; or

(b) may, in any other case, give or refuse to give his approval to the request.

(5) The Minister may, pursuant to subsection (4), by notice served on the holder of the licence, give his approval –

(a) to the request as made; or

(b) to the request amended with the agreement of that holder,

unconditionally or subject to such conditions as are agreed by the holder.

(6) The instrument in which the Minister gives an approval under subsection (5) is deemed to form part of the mining licence concerned.

(7) Before giving his approval to any request under this section the Minister may, by notice served on the holder of the licence, require the holder to comply with any of the requirements of section 37 (3) as if the request were an application for the grant of a mining licence in respect of the minerals to which the request relates.

44. – (1) The holder of a mining licence –

Duties
of holder
of mining licence

(a) shall, subject to subsection (2) and section 54, carry on mining and development operations and commence production in accordance with his programme of mining operations;

(b) shall, subject to subsection (2), employ and train citizens of Malawi in accordance with the instrument containing proposals in that connexion appended to the licence;

(c) shall, subject to subsection (2), expend in, or in relation to, the mining area an amount not less than the amount required by the licence or otherwise to be so expended;

(d) shall carry on mining operations in accordance with the requirements of this Act;

(e) shall demarcate, and keep demarcated, in the manner prescribed the area of land subject to the licence; and

(f) shall give notice to the Minister when he begins to work for profit.

(2) The Minister may, on application made to him by the holder of a mining licence, limit, reduce, vary or suspend any obligation arising pursuant to subsection (1) (a), (b) or (c) either conditionally or unconditionally.

45. – (1) Where the Commissioner considers that the holder of a mining licence is using wasteful mining or treatment practices, he may give notice to the holder accordingly (giving in the notice particulars of the practices) and require the holder to show cause, by notice given to the Commissioner, within such period as the Commissioner shall specify in the notice given to the holder, why he should not cease to use those practices.

Use of
wasteful
practices

(2) Where, within the period specified in a notice given to the holder of a mining licence pursuant to subsection (1), the holder fails, by notice given to the Commissioner, to satisfy the Commissioner that he is not using the wasteful practices concerned, or that the practices are not wasteful, or that the use of those practices is justified, the Commissioner may give notice to the holder directing him to cease using all of those practices or the practices specified, by such date as is so specified, and the holder shall do so.

46.- (1) The holder of a mining licence shall give notice to the Commissioner-

(a) twelve months in advance, if he proposes to cease production from a mine in the mining area concerned;

(b) six months in advance, if he proposes to suspend production from any such mine; or

(c) three months in advance, if he proposes to curtail production from any such mine,

and shall give in the notice the reason for the cessation, suspension or curtailment.

(2) Where, for any reason beyond his control, the holder of a mining licence ceases, suspends or curtails production from a mine in the mining area concerned he shall, within fourteen days after the cessation, suspension or curtailment, give notice thereof to the Commissioner-

47. Where, pursuant to section 46 (1) or (2), notice is given to him, or if he otherwise becomes aware, of any cessation, suspension or curtailment of production from a mine, the Commissioner shall cause the matter concerned to be investigated and thereafter:-

(a) he shall give his approval, conditionally or unconditionally, to the cessation, suspension or curtailment by notice to the holder of the mining licence; or

(b) he shall direct the holder of the mining licence by notice given to the holder to resume full production, or production at such level as is specified in the notice, by such date as is so specified, and the holder shall do so.

48.- (1) This section applies where the Minister determines that, in the interest of the effective recovery of minerals from neighbouring or contiguous mining area, it is desirable that the holders of mining licences in respect of those areas should co-ordinate their operations for the recovery of the minerals.

(2) Where this section applies the Minister may direct the holders of the mining licences concerned to enter into an agreement, within the period specified by the Minister, for or in relation to the co-ordination of their operations for the recovery of minerals, and to lodge the agreement with the Minister forthwith for approval.

(3) Before giving any direction under subsection (2) the Minister shall afford each holder of a mining licence concerned reasonable opportunity to make representations to him in writing.

Division 5 – Renewal and Amendment of Mineral Rights

49.- (1) The holder of a reconnaissance licence may, not later than three months before the expiration of the licence, apply for the renewal of the licence in respect of all or any part of the reconnaissance area.

Application for renewal of reconnaissance licence.

(2) An application under subsection (1)-

(a) shall state the period for which renewal of the licence is sought;

(b) shall be accompanied-

(i) by a report on reconnaissance operations then carried out; and

(ii) by a statement giving particulars of the programme of reconnaissance operations proposed to be carried out in the period of renewal an estimate of any significant effect which the carrying out of the programme would be likely to have on the environment and on any monument or relic in the area over which renewal of the licence is sought, and an estimate of the cost of carrying out the programme.

(c) shall, if renewal of the licence is sought in respect of part only of the reconnaissance area, be accompanied by a plan identifying that part of the reconnaissance area; and

(d) shall give particulars of any alteration in the matter shown in the application for the grant of the licence pursuant to section 16 (a) and (d).

(3) On application duly made for the renewal of a reconnaissance licence, the Minister-

(a) may, if he is satisfied that it would be in the public interest to do so, renew the licence, with or without variation of the conditions of the licence, for a period not exceeding twelve months; and

(b) if not so satisfied, shall refuse to renew the licence.

50.- (1) The holder of an exclusive prospecting licence may, not later than three months before the expiration of the licence, apply for the renewal of the licence in respect of an area of land-

Application for renewal of exclusive prospecting licence

(a) of such shape as may be prescribed; and

(b) which is not greater in extent than half of the prospecting area as at the date of the grant of the licence, unless the Minister otherwise permits.

(2) An application under subsection (1)-

(a) shall state the period for which renewal of the licence is sought;

-
- (b) shall be accompanied-
- (i) by a report on prospecting operations then carried out and the costs incurred in carrying them out; and
 - (ii) by a statement giving particulars of the programme of prospecting operations proposed to be carried out in the period of renewal, an estimate of any significant effect which the carrying out of the programme would be likely to have on the environment and on any monument or relic in the area over which renewal of the licence is sought, and an estimate of the cost of carrying out the programme;
- (c) shall be accompanied by a plan identifying the area of land in respect of which renewal of the licence is sought; and
- (d) shall give particulars of any alteration in the matter shown in the application for the grant of the licence pursuant to section 25 (a).
- (3) Subject to subsections (4) and (5), on application duly made for the renewal of an exclusive prospecting licence, the Minister shall renew the licence for a period not exceeding two years.
- (4) The Minister shall refuse to renew an exclusive prospecting licence-
- (a) if-
 - (i) the applicant is in default;
 - (ii) the programme of prospecting operations proposed to be carried out is not satisfactory; or
 - (iii) the area of land in respect of which renewal of the licence is sought does not meet the requirements of sub-section (1) (a) and (b)
 - (b) if the Minister has given to the applicant notice of his intention to refuse to renew the licence-
 - (i) giving in the notice particulars of the ground for the intended refusal; and
 - (ii) stating a date before which the applicant may take appropriate action or make representations in relation to that ground; and
 - (c) if the applicant has not, before that date, remedied the default or, in a notice given to the Minister, made appropriate amendments to his application, or made representations, which in the opinion of the Minister remove the ground for the intended refusal.
- (5) An application under subsection (1) for the renewal of an exclusive prospecting licence may be made on not more than two occasions and, accordingly, the power under subsection (3) may be exercised in relation to an exclusive prospecting licence on not more than two occasions.

(6) Where a prospecting licence has been renewed pursuant to subsection (3) on two occasions, the Minister-

- (a) on the request of the holder of the licence; and
- (b) if he considers it in the public interest to do so,

may, by instrument in writing, extend the term of the licence with effect from the date of expiry of the last period of renewal for such period, and on such conditions, as are specified in the instrument.

51.- (1) The holder of a mining licence may, not later than twelve months before the expiration of the licence, apply for the renewal of the licence in respect of all or any part of the mining area.

Application
for renewal
of mining
licence

(2) An application under subsection (1)-

- (a) shall state the period for which renewal of the licence is sought;
- (b) shall be accompanied by a statement giving particulars of the programme of mining operations proposed to be carried out in the period of renewal, an estimate of any significant effect which the carrying out of the programme would be likely to have on the environment and on any monument or relic in the area over which renewal of the licence is sought, and an estimate of the cost of carrying out the programme;
- (c) shall be accompanied by a statement giving details of-
 - (i) the latest proved, estimated or inferred ore reserves;
 - (ii) the capital investment to be made in, and production costs and revenue forecasts in respect of, the period of renewal.
 - (iii) any expected changes in methods of mining and treatment; and
 - (iv) any expected increase or reduction in mining activities and the estimated life of the mine;
- (d) shall, if renewal of the licence is sought in respect of part only of the mining area, be accompanied by a plan identifying that part of the mining area; and
- (e) shall give particulars of any alteration in the matter shown in the application for the grant of the licence pursuant to section 37 (3) (a), (d), (h) (v), (vi) and (vii), (j) and (1).

(3) Subject to subsection (4), on application duly made for the renewal of a mining licence, the Minister shall renew the licence, with or without variation of the conditions of the licence, for a period not exceeding fifteen years.

(4) The Minister shall refuse to renew a mining licence -

(a) if -

(i) the applicant is in default;

(ii) the development of the mining area has not proceeded with reasonable diligence;

(iii) minerals in reasonable quantities do not remain to be produced; or

(iv) the programme of mining operations proposed to be carried out is not satisfactory;

(b) if the Minister has given to the applicant notice of his intention to refuse to renew the licence -

(i) giving in the notice particulars of the ground for the intended refusal; and

(ii) stating a date before which the applicant may take appropriate action or make representations in relation to that ground; and

(c) if the applicant has not before that date, remedied the default or, in a notice given to the Minister, made appropriate amendments to his application, or make representations which, in the opinion of the Minister, remove the ground for the intended refusal.

(5) In determining whether or not to vary the conditions of a mining licence on renewal, the Minister shall have regard and give effect to any relevant agreement of a kind referred to in section 10.

52. - (1) The Minister shall give notice to an applicant for the renewal of a reconnaissance licence, an exclusive prospecting licence or a mining licence of his decision on the application and, if he renews the licence, the notice -

(a) shall state the period of renewal;

(b) shall set out any variation in the conditions of the licence; and

(c) shall include a plan of the area of land in respect of which the licence is renewed if that area differs from the area of land subject to the licence immediately before the renewal of the licence.

(2) Subject to any relevant agreement of a kind referred to in section 10, there may be included in, or in a statement appended to, a notice referred to in subsection (1) either or both of the following conditions, namely -

(a) a condition that in, or in relation to, the reconnaissance area, prospecting area or mining area, as the case may be, the holder of the licence concerned will, during a specified period, carry out the programme of reconnaissance, prospecting or mining operations, as the case may be, specified in the notice; or

Notice of disposal
of application for
renewal of Mineral
Right

(b) a condition requiring the holder of the licence concerned, in respect of any period and in the manner specified, to submit to the Minister acceptable proposals for the carrying out of a programme of reconnaissance, prospecting or mining operations, as the case may be, and the expenditure of amounts, in or in relation to, the reconnaissance area, the prospecting area or the mining area, as the case may be, during that period.

53. – (1) Subject to this section, where an application under this Part for the renewal of a Mineral Right is not finally dealt with before the date on which the Mineral Right continues to have effect over the area of land over which renewal of the Mineral Right is sought until notice is given pursuant to section 52 of the refusal to renew or, as the case may be, of the renewal of the Mineral Right.

Licence to have effect pending disposal of application for renewal

(2) The period for which a Mineral Right is renewed commences on and includes the date on which the Mineral Right would have ceased to have effect if an application for the renewal of the Mineral Right had not been made.

(3) Subsection (1) shall not have effect -

- (a) to prevent the cancellation under this Act of a Mineral Right; or
- (b) if an applicant for the renewal of a Mineral Right is withdrawn.

54. – (1) The holder of an exclusive prospecting licence or a mining licence may amend his programme of prospecting or mining operations and, subject to subsection (2), the amendment has effect when particulars of the amendment are given in a notice served on the Minister.

Amendment of prospecting or mining programme

(2) An amendment which substantially alters a programme of prospecting or mining operations does not have effect unless application has been made pursuant to section 36 or 44 (2) to the Minister and the Minister has, under section 36 or 44 (2), agreed to the amendment.

Division 6-Surrender, Cancellation and Suspension of Mineral Rights

55. – (1) The holder of a reconnaissance licence, an exclusive prospecting licence, or a mining licence who wishes to surrender all or part of the land subject to the licence shall apply to the Commissioner for a certificate of surrender, in respect of the land, not less than three months before the date on which he wishes the surrender to have effect.

Surrender

(2) An application under subsection (1) -

- (a) shall state the date on which the applicant wishes the surrender to have effect;
- (b) shall, if part only of the land subject to the licence is to be surrendered, identify the land to be surrendered by the inclusion of a plan thereof;
- (c) Shall give particulars of reconnaissance, prospecting or mining operations carried on in respect of the land to be surrendered; and
- (d) shall be supported by such records and reports in relation to those operations as the Commissioner may reasonably require.

(3) Subject to subsections (4) and (5), on application duly made under subsection (1) the Commissioner shall issue a certificate of surrender, either unconditionally or subject to such conditions as are specified in the certificate, in respect of the land to which the application relates.

(4) Where an application is made under subsection (1) the Commissioner shall consult with the Minister.

(5) The Commissioner shall not issue a certificate of surrender -

- (a) to an applicant who is in default;
- (b) to an applicant who fails to comply with any reasonable requirement of the Commissioner for the purposes of subsection (2) (d); or
- (c) if the Commissioner is not satisfied that the applicant will leave land to be surrendered and on which reconnaissance, prospecting or mining operations have been carried on in a condition which is safe and which accords with good mining practice.

56. – (1) Where, pursuant to section 55 (3), certificate of surrender is issued, the Commissioner –

Effect of certificate
of surrender

- (a) shall, if part only of the land subject to a reconnaissance licence, an exclusive prospecting licence or a mining licence is surrendered, amend the licence accordingly; or
- (b) shall, in any other case, cancel the licence,

and in either case the Commissioner shall give notice to the applicant for the certificate or surrender of the amendment or, as the case may be, the cancellation, and of the issue of the certificate of surrender.

(2) Land in respect of which a certificate of surrender is issued shall be treated as having been surrendered with effect from the date on which notice of the surrender is given pursuant to subsection (1) to the application for the certificate.

(3) The surrender of any land does not affect any liability incurred before the date on which the surrender has effect in respect of the land, and any legal proceedings that might have been commenced or continued in respect of the liability against the applicant for the certificate may be commenced or continued against the applicant.

57. – (1) Subject to this section, where the holder of a reconnaissance licence, an exclusive prospecting licence or a mining licence.-

Mineral Right

(a) fails to use in good faith the land subject to the licence for the purpose for which the licence was granted;

(b) uses that land for any purpose other than the purpose for which the licence was granted;

(c) fails to comply with any requirement of this Act (not being exempted under this Act from doing so) with which he is bound to comply;

(d) fails to comply with a condition of the licence (not being exempted under this Act from doing so);

(e) fails to comply with a direction lawfully given under this Act or with a condition on which any certificate of surrender is issued or on which any exemption or consent is given under this Act;

(f) fails to comply with the conditions, relating to the exercise of his rights under his licence, which are contained in a relevant agreement of a kind referred to in section 10; or

(g) fails to pay any amount payable by him under this Act within one month after the amount becomes due,

the Minister may, on that ground, by notice in writing served on the holder of the licence, suspend or cancel the licence.

(2) The Minister shall not, under subsection (1) suspend or cancel a licence on a ground referred to in that subsection unless -

(a) he has, by notice in writing served on the holder of the licence, given not less than thirty days notice of his intention to so suspend or cancel the licence on that ground;

(b) he has, in the notice, specified a date before which the holder of the licence may, in writing, submit any matter which he wishes the Minister to consider; and

(c) he has taken into account -

(i) any action taken by the holder of the licence to remove that ground or to prevent the recurrence of similar grounds; and

(ii) any matters submitted to him by the holder of the licence pursuant to paragraph (b)

(3) The Minister shall not, under subsection (1), suspend or cancel a licence on a ground referred to in paragraph (g), if, before the date specified in a notice referred to in subsection (2), the holder of the licence pays the amount of money concerned together with an amount of interest (if any) which the Minister considers reasonable in all the circumstances of the case.

(4) The Minister may, by notice in writing served on the holder of a reconnaissance licence, an exclusive prospecting licence or a mining licence, cancel the licence-

(a) if the holder (being an individual) is-

(i) adjudge bankrupt; or

(ii) enters into any agreement or scheme of composition with his creditors or takes advantages of any law for the benefit of debtors; or

(b) if, in the case of a holder that is a body corporate, an order is made or a resolution is passed winding up the affairs of the company or corporation, unless winding up is for the purpose of amalgamation or reconstruction and the Minister has been given notice thereof.

(5) Where two or more persons constitute the holder of a reconnaissance licence, an exclusive prospecting licence or a mining licence, the Minister shall not, under subsection (4), cancel the licence on the occurrence, in relation to one or some only of the persons constituting the holder, of an event entitling the Minister to so cancel the licence, unless he is satisfied that any other person or persons constituting the holder are unwilling, or would be unable, to carry out the duties and obligations of the holder of the licence.

(6) On the cancellation of a reconnaissance licence, an exclusive prospecting licence or a mining licence, the rights of the holder of the licence thereunder cease, but the cancellation does not affect any liability incurred before the cancellation and any legal proceedings that might have been commenced or continued against the former holder of the licence may be commenced or continued against him.

Division 7-Transfers and Registration

58.-(1) The Commissioner shall cause a record to be kept in a Register of every Mineral Right granted and of any dealings with, or affecting, a Mineral Right.

Records

(2) When a Mineral Right is granted the Commissioner shall cause the name of the person to whom the Mineral Right is granted to be recorded in the Register as the Registered holder of the Mineral Right.

(b) An instrument by which a legal or equitable interest in, or affecting, a Mineral Right, is created, assigned, effected or dealt with, whether directly or indirectly,

the transfer, or the instrument (in so far as it operates as provided in paragraph (b)), is of no force.

(2) An application for the approval by the Minister under subsection (1) of a transfer of an instrument shall be made to the Commissioner in accordance with the Regulations.

(3) Subject to subsections (4) and (5), on application duly made under subsection (2), the Minister may give, or refuse to give, his approval, or may give his approval subject to such conditions as he deems necessary in the circumstances to impose.

(4) The Minister shall not give his approval to the transfer of, or to any instrument operating as provided in subsection (1) (b) in relation to, a reconnaissance licence.

(5) The Minister shall give his approval to the transfer of an exclusive prospecting licence or a mining licence when the transferee-

- (a) is a person controlling, controlled by, or under common control with, the transferor; and
- (b) is not a person disqualified under any provision of this Act from holding a Mineral Right.

(6) If the Minister gives his approval to the transfer of a Mineral Right the Commissioner shall cause the name of the transferee to be recorded in the Register as the registered holder of the Mineral Right, but legal proceedings that might have been commenced or continued against the former registered holder may be commenced or continued against him notwithstanding the transfer.

(7) The reference in subsection (1) (a) to "the transfer of a Mineral Right" includes a transfer of a Mineral Right by operation of law.

61. The Minister may require any person making application under section 60 to the Commissioner to furnish to the Commissioner such information as the Minister may reasonably require to enable him to dispose of the application, and the applicant shall comply with the requirement.

62.-(1) The Commissioner may give a certificate with respect to any matter referred to in subsection (2).

Evidentiary
provision

(2) A certificate of the Commissioner-

(a) that a Mineral Right was granted, transferred, suspended or cancelled on, or with effect from, a date specified in the certificate,

(b) that any land, identified in the certificate is, or was on a date specified in the certificate, subject to a Mineral Right;

(c) that a mineral specified in the certificate is a mineral to which a Mineral Right relates;

(d) that any condition specified in the certificate is, or was on a date so specified, a condition of a Mineral Right;

(e) that a certificate of surrender was issued in respect of land identified, on a date specified, in the certificate given by the Commissioner;

(f) that any condition specified in the certificate is a condition on which a certificate of surrender was issued or on which any consent or approval so specified was given; or

(g) that a person named in the certificate is, or was on a date specified in the certificate, the holder of a Mineral Right,

shall be received in proceedings before any court or tribunal as evidence of that fact, but without prejudice to the right to adduce evidence in rebuttal.

63.-(1) A copy of any entry in the Register may be obtained on payment of the prescribed fee.

Inspection
of Register

(2) The Register shall, at all reasonable times, be open for inspection by any person on payment of the prescribed fee, and a person may take copies of any licence or entry in the Register on payment of the prescribed fee.

64. Where the Commissioner is satisfied that there has been a mistake made in, or that some matter has been incorrectly entered in, the Register, he shall rectify the Register by correcting that mistake or incorrect entry.

Division 8 – Miscellaneous Duties with respect to submitting Reports, etc.

66. (1) The first Schedule applies with respect to the duty of the holder, or former holder, of a Mineral Right to furnish information, submit reports or keep records.

First Schedule

(2) The holder of a Mineral Right-

(a) shall establish immediately after the grant of the Mineral Right, and keep established while the Mineral Right subsists, an address in Malawi; and

(b) shall give notice of that address to the Minister, and of any variation of the address which may be made from time to time.

Division 9 – Miscellaneous

67.-(1) This section applies where –

(a) the holder of an exclusive prospecting licence or mining licence, in the course of searching for or mining the mineral to which his licence relates, finds another mineral (in this section called an “additional mineral”); and

(b) in the circumstances it would be impracticable or impossible to mine the mineral to which the licence relates without also mining that additional mineral.

(2) Where this section applies, the holder of the exclusive prospecting licence or mining licence concerned may make application to the Minister for the inclusion in the licence of the additional mineral and the Minister, subject to this section, if satisfied that this section applies, shall approve the application.

(3) The Minister is not required to approve an application referred to in subsection (2) if the applicant is unwilling to make such alterations to his programme of prospecting or mining operations as are reasonably necessary to cover adequately the searching for or mining of the additional mineral.

(4) Where the Minister approves an application referred to in subsection (2) he shall do so subject to the condition that the exclusive right to search for or mine the additional mineral shall arise only where that mineral is found together with a mineral to

which the licence otherwise relates in such circumstances that it would not be practicable, or possible, to mine such last-mentioned mineral without also mining the additional mineral.

(5) Notice of the Minister's decision under subsection (2) shall be given to the holder of the exclusive prospecting licence or, as the case may be, mining licence concerned; and in the event that the Minister approves the application, the licence is, subject to subsection (4) deemed to relate to the additional mineral.

(6) In any case where this section would not apply by reason of the requirement of subsection (1) not being met, the Minister may, if he considers that it would be in the interest of the development of the mineral resources of Malawi to do so, approve an application by the holder of an exclusive prospecting licence or a mining licence to include a further mineral in the licence; and in that event the licence is deemed to relate to the further mineral, subject to any conditions imposed on the giving of the approval.

68.-(1) The holder of an exclusive prospecting licence or a mining licence may apply to the Minister to have his prospecting area or, as the case may be, mining area enlarged in the manner specified in the application and the Minister may, subject to subsection (2) approve the application or refuse to do so.

Enlargement
of

(2) The Minister shall not approve an application made under subsection (1)-

(a) Unless he is satisfied that to do so would be in the interest of the development of the mineral resources of Malawi; or

(b) If, by reason of this Act, the Minister could not then grant to the holder making the application an exclusive prospecting licence or, as the case may be, a mining licence over the area of land by the addition of which the prospecting area or mining area is to be enlarged, or could only do so subject to any condition which could not be satisfied.

(3) The approval of the Minister under subsection (1) may be given unconditionally, or subject to such conditions as the Minister may determine and specify in a notice given pursuant to subsection (4).

(4) Notice of the Minister's decision under subsection (1) shall be given to the holder of the prospecting licence or, as the case may be, mining licence concerned, and in the event that the Minister approves the application, the prospecting or mining area is deemed to have been enlarged accordingly.

(5) To enable him to dispose of an application made under subsection (1) the Minister may, by notice served on the applicant, require the applicant to furnish him, within such reasonable time as is specified in the notice, with such information relevant to the application as may be described in the notice.

69.-(1) Subject to the subsection (3), when the amount expended in, or in relation to, a reconnaissance area, a prospecting area or a mining area is less than the amount required to be so expended by a reconnaissance licence, an exclusive prospecting licence a mining licence, or otherwise, the amount of the shortfall is a debt due to the Republic and may be recovered in a court of competent jurisdiction.

Recovery
of
unexpended
amounts

(2) In proceedings pursuant to subsection (1) a certificate of the Minister certifying that a specified amount is payable by an identified person shall be received as evidence of that fact, but without prejudice to the right to adduce evidence in rebuttal.

(3) The right to recover an amount pursuant to this section is subject to the provisions of a relevant agreement of a kind referred to in section 10 limiting that right.

70.-(1) A company which is the holder of a mining licence shall not, without the prior consent in writing of the Minister –

consent of
Minister
2 of 1983

(a) register the transfer of any equity share or shares in the company to any particular person or his nominee; or

(b) register into an agreement, arrangement, or understanding, whether or not having legal or equitable force, with any particular person,

if the effect of doing so would be to give the particular person or any other person, control of the company.

(2) On application duly made to him in writing for his consent under this section, the Minister shall give his consent if he considers that the public interest would not be prejudiced by the change of control of the company, but otherwise shall refuse to give his consent; and for the purpose of considering any such application the Minister may call for and obtain such information as he considers necessary to determine the application.

(3) For the purposes of this section –

(a) a person is deemed to have control of a company –

(i) if the person or his nominee holds, or the person and his nominee hold a total of, twenty per centum or more of the issued equity shares in the company;

(ii) if the person is entitled to appoint, or prevent the appointment of, half, or more than half, of the directors of the company; or

(iii) if the person is entitled to exercise, or control the exercise of, the right to cast votes in respect of not less than two-fifths of the total number of votes in respect of equity shares in the company;

(b) “equity shares”, in relation to a company, means shares in the company having voting rights in all circumstances at a general meeting of the company, and includes preference shares, other than preference shares which do not have such voting rights;

(c) “preference shares” means shares which carry the right to payment of a dividend of a fixed amount, or not exceeding a fixed amount, in priority to payment of a dividend on another class or other classes of shares, whether with or without other rights; and

(d) the reference in paragraph (a) (iii) to the entitlement to control the exercise of the right to cast votes shall be read as including an entitlement to control the exercise of that right directly or indirectly, and includes control that is exercisable as a result of or by means of trusts.

PART IV

NON-EXCLUSIVE PROSPECTING LICENCES AND CLAIMS

71. In this Part, “District” means one of the districts into which Malawi is divided for purposes of administration in accordance with the Regional and District Boundaries and Place Names Act.

Definition
Cap. 18:04

72. Where the doing of any act is regulated or prohibited by a written law (other than this Act), nothing in this Act shall be construed as authorizing the holder of a non-exclusive prospecting licence or claim to do the act –

- (a) otherwise than in accordance with the written law; and
- (b) without first obtaining the licence, permit, authority, or other instrument (if any), required under the written law for the doing of the act.

73.-(1) Subject to this section, the Commissioner may issue to any person a non-exclusive prospecting licence.

Non-
exclusive
prospecting
licence

(2) Subject to subsection (5), a non-exclusive prospecting licence –

- (a) shall not be issued to an individual unless he is a citizen of Malawi;
- (b) shall not be issued to a company unless it is a company whose entire share capital beneficially owned by citizens of Malawi or by a corporation which, in the opinion of the Minister, has been established for a public purpose, or partly by such citizens and partly by such corporation;
- (c) shall not be issued to a corporation unless it is a corporation incorporated in Malawi.

(3) A non-exclusive prospecting licence shall not be issued to a person unless the Commissioner is satisfied that that person intends, within the limits of his competence and resources, to undertake prospecting operations.

(4) The power to issue a non-exclusive prospecting licence is subject to the Regulations.

(5) Where the Minister is satisfied that it is in the public interest to do so and so certifies to the Commissioner, the Commissioner may issue a non-exclusive prospecting licence –

- (a) to an individual who is not a citizen of Malawi but who has been ordinarily resident in Malawi during the period of four years immediately preceding the date on which his application for the grant of a licence is made; or

- (b) to a company or corporation other than one of a kind referred to in subsection (2)

(b) or (c).

74.-(1) A non-exclusive prospecting licence may authorize the holder of the licence to prospect in all districts, or in any district or part of a district identified in the licence, for any mineral identified in the licence.

(2) The holder of a non-exclusive prospecting licence may, subject to this Act and the conditions of the prospecting licence, enter on any land in which he is authorized to prospect, and carry on prospecting operations for any mineral to which his licence relates.

(3) The holder of a non-exclusive prospecting licence shall not prospect -

(a) in land -

(i) in a reconnaissance area for any mineral in respect of which the holder of the reconnaissance licence has been granted exclusive rights pursuant to section 20 (4);

(ii) in a prospecting area for any mineral to which the prospecting licence relates; or

(iii) in a mining area;

(b) in land in a claim area, unless he is the holder of the claim.

(4) Subject to this Act and the conditions of the non-exclusive prospecting licence, for the purpose of the exercise of the right referred to in subsection (2), the holder of a non-exclusive prospecting licence may, in particular, erect camps and temporary buildings, or erect installations in any waters forming part of the land on which he is authorized to prospect.

75.-(1) A non-exclusive prospecting licence has effect for the period of twelve months from and including the date of the issue of the licence.

(2) Subject to subsection (3) and (4) and the Regulations, the Commissioner, on application duly made, may renew a non-exclusive prospecting licence for a period of twelve months from the date on which it would cease to have effect if not renewed.

(3) The Commissioner shall not renew a non-exclusive prospecting licence unless he is satisfied -

(a) that the applicant has undertaken, in good faith, within the limits of his competence and resources during the period for which he has held the licence, prospecting operations; and

(b) intends, within those limits, to undertake in good faith further prospecting operations.

(4) The Commissioner shall not renew a non-exclusive prospecting licence if the applicant is in default.

Mines and Minerals

Cap. 61:01

43

76.-(1) Subject to this Act, the holder of a non-exclusive prospecting licence may peg a claim or claims in accordance with Regulations.

Pegging of
claim

(2) Where the holder of a non-exclusive prospecting licence, pursuant to subsection (1), pegs a claim, he shall within thirty days of doing so, apply in accordance with the Regulations for registration, in the manner prescribed, of the claim.

(3) Subject to the Act, on application duly made for the registration of a claim, the claim shall be registered, either unconditionally or subject to such conditions as are specified.

77.-(1) A claim shall not be registered pursuant to section 76 in respect of land in which the person applying for registration of the claim is not entitled to prospect.

Restriction
on
registration
of claim

(2) The Commissioner shall refuse to register a claim -

(a) if he has reasonable grounds to believe that minerals in payable quantities have not been discovered within the proposed claim area;

(b) if he has reasonable grounds to believe that the applicant does not intend to carry on, in good faith, within the limits of his competence and resources, mining operations in the proposed claim area;

(c) if he has reasonable grounds to believe that it is not in the public interest that a claim should be registered in respect of the proposed claim area; or

(d) if the applicant is in default and the Commissioner is not prepared, under this paragraph, to waive the default.

(3) Where the Commissioner has refused to register a claim on a ground referred to in subsection (2), the applicant may appeal against the decision to the Minister whose decision is final.

(4) Where the Commissioner may refuse to register a claim if the applicant fails, within a reasonable period specified by the Commissioner, to furnish the Commissioner with satisfactory evidence of the existence of the mineral for which the claim is pegged, within the area of the claim.

78.-(1) Subject to this Act, a claim registered pursuant to section 76 -

Period of
validity
and renewal
of claim

(a) is valid from the day when the claim was pegged until the 31st March next following that day; and

(b) on application made to the Commissioner in accordance with the Regulations, may be renewed for further periods of twelve months each, commencing on the 1st April in each year.

(2) A claim shall not be renewed pursuant to subsection (1) –

(a) unless the Commissioner is satisfied that minerals in payable quantities remain in the claim area;

(b) unless the Commissioner is satisfied that the applicant has carried on, in good faith, within the limits of his competence and resources, mining operations in the claim area and intends to continue doing so; or

(c) if the applicant is in default and the Commissioner is not prepared, under this paragraph, to waive the default.

(3) Where the Commissioner has refused to renew a claim on a ground referred to in subsection (2), the applicant may appeal against the decision to the Minister whose decision is final.

79.-(1) Subject to this Act and the conditions of the claim, the holder of a claim has the right to enter a claim area and the exclusive right, while the claim is registered, to prospect and mine therein, and to remove therefrom and dispose of, the minerals in respect of which the claim is registered pursuant to section 76.

Rights and
duties of
holder of
claim

(2) The holder of a claim shall -

(a) within the limits of his competence and resources carry on, in a good faith, in the claim area mining operations;

(b) furnish the Commissioner with such information relating to his mining or prospecting operations carried on in the claim area as the Commissioner may reasonably require or as may be prescribed; and

(c) carry out promptly any directions relating to his mining or prospecting operations which may be given to him by the Commissioner for the purpose of ensuring safety, or good mining practice.

80.-(1) Where the holder of a claim –

(a) fails to use, in good faith, the land in the claim area for mining operations;

(b) uses the land in the claim area for any purpose other than mining operations;

(c) fails to comply with any requirement of this Act (not being exempted from doing so) with which he is bound to comply;

(d) fails to comply with a condition of the claim (not being exempted from doing so);

(e) fails to comply with a direction lawfully given under this Act or with a condition on which any exemption or consent is given; or

Cancellation
of claim

(f) fails to pay any amount payable under this Act by him within one month after the amount becomes payable,

the Commissioner may, on that ground, by notice in writing served on the holder of the claim cancel the claim.

(2) The Commissioner may, by notice in writing served on the holder of the claim, cancel the claim

(a) if the holder (being an individual) is –

(ii) adjudged bankrupt; or

(iii) enters into an agreement or scheme of composition with his creditors or takes advantage of any law for the benefit of debtors;

(b) if, in the case of a holder that is a company or a corporation, an order is made or a resolution is passed winding up the affairs of the company or corporation unless the winding up is for the purpose of amalgamation or reconstruction and the Commissioner has been given notice therefore.

(3) On the cancellation of a claim, the rights of the holder of the claim thereunder cease, but the cancellation does not affect any liability incurred before the cancellation and any legal proceedings that might have been commenced or continued against the former holder of the claim may be commenced or continued against him.

(4) Where the Commissioner has cancelled a claim under subsection (1) or (2), the person who was the holder of the claim may appeal against the cancellation to the Minister whose decision is final.

Rights

(2) The annual charge payable pursuant to subsection (1) is payable on the grant of a Mineral Right and thereafter annually on the anniversary of the grant until the termination of the Mineral Right.

91. The Minister may, from time to time, make sure arrangements as appear appropriate to him to secure that the holder of a Mineral Right complies with this Act, and in particular may accept guarantees, whether from shareholders or otherwise, in respect of that compliance.

Security for
compliance

92.-(1) Where the Minister has reason to believe that a person is capable of giving information or producing or making available books or documents relating to minerals obtained, or the value of minerals obtained, he may, by instrument in writing served on that person, order that person –

Minister
may require
information
to be
furnished

(a) to furnish to him in writing, within the period and in the manner specified in the instrument, any such information;

L.R.O.1/1982

(a) to attend before him or person specified in the instrument, at such time and place as is so specified, and there to answer questions relating to minerals obtained, or the value of minerals obtained; or

(b) to produce or make available to a person specified in the instrument, at such time and place as is so specified, books or documents in his custody, power or control relating to minerals obtained or the value of minerals obtained.

(2) A person is not excused from furnished information, answering a questing or producing or making available books or documents when required to do so under this section, on the ground that the information so furnished, the answer to the question, or the production or making available of any books or documents, might tend to incriminate him or make him liable to a penalty, but the information so furnished is not admissible in evidence against him in any proceedings other than proceedings for an offence against this section.

(3) Where books or documents are made available pursuant to a requirement under subsection (1) (c) the person to whom the books or documents are made available may make copies of; or take extracts from, the books or documents.

(4) A person shall not –

(a) refuse or fail to comply with a requirement under subsection (1) to the extent to which he is capable of complying with it;

(b) in purported compliance with such a requirement, knowingly furnish information that is false or misleading in a material particular;

(c) when attending before the Minister or any person in pursuance of such a requirement, knowingly make a statement or produce a document which is, or produce books which are, false or misleading in a material particular; or

(d) when making available books or documents in pursuance of such a requirement, knowingly make available books which are, or a document which is, false or misleading in a material particular.

(5) Any person who contravenes subsection (4) is guilty of an offence and liable on conviction to a fine of one thousand Kwacha or to a term of imprisonment of two years, or both.

93-(1) Royalty payable under section 86 or 87 and any annual charge payable under section 90, are debts due to the Republic and are recoverable in a court of competent jurisdiction.

Recovery
of
royalty, etc

(2) In proceedings pursuant to subsection (1) a certificate of the Minister certifying that a specified amount of royalty, or an annual charge of specified amount, is payable by an identified person shall be received as evidence of that fact; but without prejudice to the right to adduce evidence in rebuttal.

(3) Where two or more persons constitute the holder of a mining licence or a claim when royalty becomes payable, those persons are jointly and severally liable for the payment of royalty under section 86 or 87, or any annual charge payable under section 90; but without prejudice to any right to contribution existing between them.

PART VII

PROTECTION OF THE ENVIRONMENT

94.-(1) In deciding whether or not to grant a Mineral Right, the Minister shall take into account the need to conserve the natural resources in or on the land over which the Mineral Right is sought, or in or on neighbouring land.

Protection
of natural
resources
to be
taken into
account

(2) In deciding whether or not to issue a non-exclusive prospecting licence or to register a claim, the Commissioner shall take into account the need to conserve the natural resources in or on land to be covered by the licence or over which the claim is to be registered, or in or on neighbouring land.

(3) The Minister may, pursuant to section 38 (3), require environmental impact studies to be carried out.

95.-(1) There may be included in a Mineral Right conditions with respect to –

Conditions
for the
protection
of the
environment
etc

(a) the prevention, limitation or treatment of pollution;

(b) the minimization of the effects of mining on adjoining or neighbouring areas and their inhabitants.

(2) On the registration of a claim, any condition of a kind referred to in subsection (1) may be imposed as a condition on which the claim is registered.

96.-(1) There may be included in a prospecting or mining licence such conditions relating to –
(a) the reinstatement, levelling, regressing, reforesting and contouring of any part of the prospecting area that may have been damaged or deleteriously affected by prospecting or mining operations; and

Rehabilitation
of area
damaged by
prospecting
or mining

(b) the filling in, sealing or fencing off, of excavations, shafts and tunnels,

as may be prescribed, or as the Minister may, in any particular case, determine.

(2) There may be included as a condition on which a claim is registered any condition, of a kind referred to in subsection (1), which may be prescribed for the purposes of that subsection.

(3) Where any condition is to be included in a prospecting or mining licence pursuant to subsection (1) the Minister may require the applicant for the licence to lodge with the Commissioner, within such time as the Minister may require, security for the performance of the conditions in such amount and form as the Minister deems appropriate.

97.-(1) Where a Mineral Right over any land is wholly or partly determined or cancelled, or expires, the Minister may, by notice served on the person who is or was the last holder of the Mineral Right, direct him to take such steps within such time as may be specified in the notice, to give effect, in relation to the land which is no longer subject to the Mineral Right, to any conditions included in the Mineral Right pursuant to section 95 or 96.

Direction to comply with conditions of Mineral Right for protection of environment

(2) Any person to whom a direction is given under subsection (1) who, without reasonable excuse, fails or neglects to comply with the direction is guilty of an offence and liable on conviction –

(a) in the case of individual, to a fine of one thousand Kwacha or to imprisonment for a term of two years, or to both; or

(b) in the case of the body corporate to a fine of twenty thousand Kwacha.

(3) If a person to whom a direction is given under subsection (1) does not comply with the direction, the Minister may cause to be taken any steps specified in the notice containing the direction.

(4) Costs and expenses incurred pursuant to subsection (3) in taking any steps referred to in that subsection are a debt due to the Republic and are recoverable in a court of competent jurisdiction.

(5) In any proceedings instituted for the recovery from a person to whom a direction was given under subsection (1) of a debt due by that person to the Republic under subsection (4), a certificate of the Minister that a specified amount is the amount of the debt due shall be received as evidence of that fact; but without prejudice to the right to adduce evidence in rebuttal.

(6) A debt due by any person to the Republic under subsection (4) is recoverable notwithstanding that that person is convicted of an offence under subsection (2).

(7) Where two or more persons constitute, or constituted, the holder of a Mineral Right, those persons are jointly and severally liable for the payment of any costs and expenses which may be recovered under this section from the person who is or was the last holder of the Mineral Right; but without prejudice to any right to contribution existing between them.

**PART VIII
RESERVED MINERALS**

98. In this Part, unless the context otherwise requires –

Definitions

“precious metals” means gold, silver, platinum and platinoid metals, in an unmanufactured state, and includes all such slimes, concentrates, slags, tailings, residues and amalgams as are valuable for their content of the aforementioned precious metals;

“precious stones” means rough and uncut diamonds, emeralds, rubies and sapphires, not forming part of any tool or instrument or abrasive powder used in an industrial process, and includes any other stones which may be prescribed;

“reserved minerals” means precious metals, precious stones and any other mineral which may be prescribed;

“reserved minerals licence” means a licence issued under section 100.

99.-(1) Subject to this section, no person –

Possession,
etc, of
reserved
minerals

(a) shall possess any reserved minerals –

(i) unless they were obtained by him pursuant to the exercise of rights under a Mineral Right, a non-exclusive prospecting licence, or a claim, of which he is the holder; or

(ii) unless he is the holder of a reserved minerals licence authorizing him to buy the mineral concerned, or an employee of any such holder duly authorized and acting as such; or

(b) shall, in Malawi, buy any reserved minerals unless he is the holder of a reserved minerals licence authorizing him to buy the minerals.

(2) Nothing in subsection (1) operates to prevent a *bona fide* museum, educational or scientific establishment from possessing or purchasing reasonable amounts of reserved minerals for the purpose of display, teaching or scientific study.

(3) This section is subject to such exceptions as may be prescribed.

100.-(1) Subject to the Regulations, the Commissioner may, on the prescribed fee being paid, issue to any person a reserved minerals licence.

Reserved
minerals
licence

(2) Subject to subsection (3), a reserved minerals licence authorizes the holder to buy such reserved minerals as are identified in the licence.

(3) The holder of a reserved minerals licence shall not buy any reserved minerals from any person unless that person is entitled, under this part, to possess those reserved minerals.

(4) The holder of a reserved minerals licence shall keep such records in such form and containing such particulars as may be prescribed.

(5) The Regulations may make provision with respect to the term, renewal and cancellation of reserved minerals licences.

101. Any person who contravenes section 99 (1) or 100 (3) is guilty of an offence and liable on conviction -

Offences

(a) in the case of an individual, to a fine of one thousand Kwacha or to imprisonment for a term of two years, or to both; or

(b) in the case of a body corporate, to a fine of twenty thousand Kwacha.

PART IX

RESTRICTIONS AND SURFACE RIGHTS

102. In this Part, “Authority” means -

Definition

- (a) a Mineral Right;
- (b) a non-exclusive prospecting licence;
- (c) a claim; or
- (d) a mineral permit.

103.-(1) The holder of an Authority shall not exercise any of his rights under the Authority or under this Act –

Restrictions on exercise of rights in relation to certain land 2 of 1983

(a) except with the written consent of the President in respect of -

(i) any land set apart for any public purpose (other than mining);

(ii) any land dedicated as a place of burial or which is a place of religious significance; or

(b) except with the written consent of the lawful occupier thereof in respect of -

(i) any land which is the site of, or which is within two hundred metres (or such greater distance as may be prescribed) of, any inhabited, occupied or temporarily unoccupied house or building;

(ii) any land within fifty metres (or such greater distance as may be prescribed) of land which has been cleared or ploughed or otherwise *bona fide* prepared for the growing of, or upon which there are growing, agricultural crops (including orchards or fuel-wood plantations);

- (iii) any land from which, during the year immediately preceding, agricultural crops have been reaped;
- (iv) any land which is the site of, or within one hundred metres (or such greater distance as may be prescribed) of, any cattle dip-tank, dam, or other body of water, not being public water as defined in the Water Resources Act,

Cap. 72:03

but where any consent so required is, in the opinion of the minister, being unreasonably withheld, the Minister may, on such conditions (if any) as he may impose, direct in writing that the need for the consent shall be dispensed with and, in that event, this paragraph shall not have effect so far as it requires the consent of the lawful occupier concerned to be given;

(c) in respect of any land reserved for the purposes of any railway track, or which is within fifty metres (or such greater distance as may be prescribed) of the boundaries of any land so reserved, except with the written consent of the responsible railway administration;

(d) in respect of any land within, or within two hundred metres (or such greater distance as may be prescribed) of the boundaries of, any township, except with the written consent of the local authority having control over the township; or

(e) in respect of any land comprising a street, road reserve as defined in the Public Roads Act or aerodrome, except with the written consent of the Minister or other authority having control thereof.

Cap. 69:02

(f) in respect of a production area (as defined in section 3 of the Petroleum (Exploration and Production) Act, 1983), except with the written consent of the holder of the petroleum production licence concerned.

2 of 1983

(2) Any dispute as to whether or not subsection (1) (b) applies in respect of any land or as to whether any person is a lawful occupier of that land shall be decided by the Minister whose decision is final.

(3) Any consent under subsection (1), (a), (c), (d) or (e) may be given unconditionally or subject to such conditions as are specified in the instrument of consent.

(4) For the purposes of subsection (1) (a), "public purpose" means a purpose prescribed as such.

104.-(1) The lawful occupier of any land in a reconnaissance area, a prospecting area, a mining area or a claim area, retains any right which he may have to graze stock upon or to cultivate the surface of the land, except in so far as the grazing or cultivation interferes with reconnaissance, prospecting or mining operations in any such area.

(2) The lawful occupier of land in mining area or a claim area shall not erect any building or structure in the area without the consent of the holder of the mining licence or claim concerned; but if the Minister considers that the consent is being unreasonably withheld, he may give his consent to the lawful occupier doing so and, in that event, the lawful occupier may do so.

(3) The rights conferred by an Authority shall be exercised reasonably and so as to affect as little as possible the interests of any lawful occupier, or of the land subject to the Authority, or on which rights under the Authority are exercised, consistent with the reasonable and proper conduct of operations pursuant to the Authority.

105.-(1) Where, in the course of reconnaissance, prospecting or mining operations, any disturbance of the rights of the lawful occupier of any land or damage to any crops, trees, buildings, stock or works thereon is caused –

Compensation
for
disturbance
of rights, etc

(a) the holder of the Authority, by virtue of which the operations are carried on; or

(b) if the operations are carried on by or on behalf of a person who is not the holder of an Authority or otherwise than in accordance with an Authority, every person by or on whose behalf the operations are carried on,

is liable to pay the lawful occupier fair and reasonable compensation in respect of the disturbance or damage according to the respective rights or interests of the lawful occupier concerned.

(2) The amount of the compensation payable to a lawful occupier pursuant to this section may be determined by agreement between the holder of the Authority, or the person referred to in subsection (1) (b), concerned and the lawful occupier or, if not so agreed, may be assessed by the Commissioner under Part XI.

106.-(1) Subject to such exceptions as may be prescribed, the holder of a reconnaissance or an exclusive prospecting licence, before commencing prospecting operations in any private land, shall give to any lawful occupier of the land notice of his intention to commence the operations, in such manner and form as may be prescribed.

Notice of
intention
to commence
reconnaissance
or prospecting
operations,
etc.

(2) The reference in subsection (1) to “prospecting operations” includes a reference to reconnaissance operations, but only to the extent that the reconnaissance operations involve surface or subsurface techniques.

{PART X: Affecting sections 107 – 109 repealed by 2 of 1983}.

PART XI

DISPUTES

110.-(1) The Commissioner may inquire into and decide all disputes between persons engaged in reconnaissance, prospecting or mining operations, either among themselves, or in relation to themselves and third parties (other than the Government) not so engaged, in connexion with –

Commissioner
may
decide
disputes

- (a) the boundaries of any reconnaissance, prospecting, mining or claim area;
- (b) any act committed or omitted, or alleged to have been committed or omitted in the course of, or ancillary, reconnaissance, prospecting or mining operations;
- (c) the assessment and payment of compensation pursuant to this Act; or
- (d) any other matter which may be prescribed.

(2) Subject to subsection (3), the Commissioner may, in his direction, refuse to decide any dispute referred to him under this Part and, if he does so, he shall notify the parties to the dispute in writing accordingly.

(3) The Commissioner shall not refuse to act under subsection (1) (c) in respect of any compensation to be assessed for the purposes of section 105.

(4) The Commissioner may make any decree or order which may be necessary for the purpose of giving effect to his decision in proceedings pursuant to this Part, and may order the payment, by any party to a dispute, of such compensation as may be reasonable, to any other party to the dispute.

111.-(1) The Commissioner may send a copy, certified under his hand, of any decree or order made by him to the Registrar of the High Court, and the High Court shall enforce the decree or order of the Commissioner in the same manner in which it would enforce its own decrees or orders; but no such decree or order shall be so enforced until the period for an appeal under section 112 has passed or, if there is such an appeal within that period, unless the Minister rejects the appeal or the appeal is withdrawn.

Enforcement
of Commissioner's
decrees and
orders

(2) Where on an appeal under section 112 the Minister varies or alters any decree or order of the Commissioner or makes a new decree or order, the appeal shall be treated, for the purposes of subsection (1), as having been dismissed and the decree or order as so varied, altered or made shall be enforced under that subsection.

(3) The fees payable upon the enforcement of a decree or order are those which would be payable upon the enforcement of a like decree or order made by the High Court.

112.-(1) Any person aggrieved by a decision, decree or order of the Commissioner made or given pursuant to this Part may appeal to the Minister within the period of thirty days after the date on which notice of the decision, decree or order is given to that person.

Appeal to
Minister

(2) No appeal lies to the Minister against a decision of the Commissioner under section 110 (2).

(3) On appeal under subsection (1), the Minister may rescind or affirm the decision, decree or order appealed from or make a new decision, decree or order, and that decision, decree or order is final.

113.-(1) No person shall commence proceedings in a court in respect of any dispute of a kind referred to in section 110, or prescribed pursuant to section 110 (1) (d), unless the Commissioner has refused pursuant to subsection (2) of that section to decide the dispute.

Jurisdiction
of courts
excluded

(2) Where the Commissioner refuses pursuant to section 110 (2) to decide a dispute the period of limitation for bringing any action with respect to the matter giving rise to the dispute commences when the Commissioner so refuses

114. The Regulations may make provision with respect to -

Regulations
with respect to
proceedings

(a) the initiation and conduct of proceedings under section 110 and the keeping of records and notes of evidence concerning any such proceedings; and

(b) appeals under section 112.

PART XII

MISCELLANEOUS

115.-(1) Subject to this section and the Regulations, nothing in this Act operates to prevent-

Right to
take building
and
industrial
minerals

(a) a citizen of Malawi from taking minerals of any kind from customary land, to the extent and in the manner which custom permits, and from which it has been customary to take minerals of that kind;

(b) a person from taking from land, in respect of which he is the lawful occupier, building and industrial minerals for the purpose of construction, on the land, of any dwelling house, factory, workshop or store, including the outbuildings or appurtenances thereof;

(c) any forest officer, game control officer or national parks officer, in his official capacity, from taking in a forest reserve, a game reserve or a national park, as the case may be, building and industrial minerals for the purposes of building, bridge-building, road-making and other constructional purposes in the reserve or park;

(d) the exercise of the right under the provision to paragraph (a) of section 15 of the Land Act;

Cap. 57:01

(e) the exercise of the power under section 29 of the Public Roads Act;

Cap. 69:02

(f) the Capital City Development Corporation established under the Capital City Development Corporation Act from taking from the land designated under section 9 of that Act building and industrial minerals for the purpose of building, bridge-building, road-making and other constructional purposes on that land.

Cap. 39:02

L.R.O.1/1982

(2) Nothing in subsection (1) or in any Act referred to in subsection (1) shall be treated as authorizing a person to take any mineral from a prospecting area, a mining area or a claim area without the written consent of the holder of the prospecting licence, mining licence or claim concerned, as the case may be.

(3) Any dispute as to whether or not a person is entitled to take minerals pursuant to subsection (1) (a) shall be decided by the Minister responsible for land matters whose decision is final.

(4) In this section -

“forest reserve” and “forest officer” have the respective meanings assigned by section 2 of the Forest Act; Cap. 63:01

“game reserve” and “game control officer” have the respective meanings assigned by sections 10 and 2 of the Game Act; Cap. 66:03

“national park” and “national park officer” have the respective meanings assigned by section 2 of the National Parks Act. Cap. 66:07

116.-(1) The Commissioner may, by instrument in writing, consent to the carrying on by any person of reconnaissance or prospecting operations in the course of a scientific investigation with respect to the geology or mineral resources of Malawi. Scientific investigation

(2) An instrument of consent under this section is subject to conditions (if any) as are specified in the instrument.

(3) An instrument of consent under this section authorizes the person to whom it is issued to carry on the reconnaissance or prospecting operations specified in the instrument -

(a) in the area; and

(b) subject to the conditions (if any),

specified in the instrument, in the course of the scientific investigation.

(4) Subject to subsections (5) and (6), any authorized officer, or any person authorized in writing for the purpose of this section by the Commissioner, for the purpose of collecting information on the geology and mineral resources of Malawi, may enter on any land and, for that purpose, carry on any prescribed operation.

(5) An Authorized officer or a person authorized shall not, pursuant to subsection (4), enter on any land or place referred to in section 103 without obtaining the consent required under that section in relation to the land or place.

(6) Where the doing of any act is regulated or prohibited by a written law (other than this Act) nothing in this section shall be construed as authorizing the person specified in the instrument to do the Act -

(a) otherwise than in accordance with the written law; and

(b) without first obtaining the licence, permit, authority, or other instrument (if any), required under the written law for the doing of the act.

(7) Notwithstanding any provision of that written law, if the President is satisfied that any licence, authority, or other instrument, required in pursuance of subsection (6) (b) is being unreasonably withheld he may, in his absolute discretion, direct the issue thereof.

117.-(1) For the purposes of this Act, the Commissioner or an authorized officer, at all reasonable times, -

(a) may enter any area, structure, vehicle, vessel, aircraft or building that, in his opinion, has been, is being or is to be used in connexion with reconnaissance, prospecting or mining operations;

(b) may inspect and test any machinery or equipment that, in his opinion, has been, is being or is to be used in connexion with any of the operations referred to in paragraph (a);

(c) may take or remove for the purpose of analysis or testing, or for use in evidence in connexion with an offence against this Act, samples of minerals or other substances from a mine or any area where any of the operations referred to in paragraph (a) are being carried on;

(d) may inspect, take extracts from, and make copies of, any document relating to any of the operations referred to in paragraph (a)

(e) may, with respect to the health and safety of persons employed by a holder of a Mineral Right or a claim in or in connection with any of the operations referred to in paragraph (a), issue directions to and impose restrictions on the holder or any persons so employed, by instrument in writing;

(f) may order, by instrument in writing -

(i) the cessation of operations on or in, and the withdrawal of all persons from, any structure or building that is being used in connexion with any of the operations referred to in paragraph (a); or

(ii) the discontinuance of the use of any machinery or equipment,

which he considers unsafe, unless and until such action as is necessary for safety and specified in the instrument is taken and completed; or

(g) may make such examinations and inquiries as are necessary to ensure that the provisions of this Act, and any directions issued, conditions imposed or orders made under this Act, are being complied with.

Power of
Commissioner
and
authorized
officers

(2) Before exercising any of his powers under subsection (1), if there is any person who is or appears to be in charge of the area, structure, vehicle, vessel, aircraft, building, machinery, equipment or matter or thing in respect of which the power is about to be exercised, the Commissioner or an authorized officer shall identify himself to that person and to any person to whom he is about to give an order or a direction.

(3) Any person who is aggrieved by a decision, direction or order of the Commissioner or an authorized officer made under this section may appeal in writing to The Commissioner or, in the case of a decision or order made by the Commissioner, to the Minister, who shall, as soon as practicable hear and dispose of the appeal, but the bringing of the appeal does not affect the operation of the decision, direction or order appealed from pending disposition of the appeal.

(4) On an appeal under subsection (3), the Commissioner or the Minister, as the case may be, may rescind or affirm the decision, direction or order appealed from or may make a new decision, direction or order in substitution therefore, and that decision, direction or order is final.

(5) In exercising his powers under subsection (1), the Commissioner or an authorized officer may be accompanied by any person who the Commissioner or the authorized officer, as the case may be, believes has special or expert knowledge of any matter being inspected, tested or examined.

(6) Any person who is an occupier or person in charge of any building, structure or place, or the person in charge of any vehicle, vessel, aircraft, machinery or equipment referred to in subsection (1), shall provide the Commissioner or an authorized officer with all reasonable facilities and assistance (including the provision of necessary means of transport) for the effective exercise of the Commissioner's or an authorized officer's powers under this section.

(7) Any person who -

(a) without reasonable excuse, obstructs, molests or hinders the Commissioner or an authorized officer in the exercise of his powers under this section; or

(b) knowingly or recklessly makes a statement or produces a document that is false or misleading in a material particular to the Commissioner or an authorized officer engaged in carrying out his duties and functions under this section,

is guilty of an offence and liable on conviction to a fine of five hundred Kwacha or to imprisonment for a term of six months, or to both.

118.-(1) Minerals shall not be removed from any land from which they have been obtained, or disposed of, in any manner, except –

Removal of
minerals

(a) subject to subsection (2), by the holder of a Mineral Right, a non-exclusive prospecting licence or a claim for the purpose of sampling or analysis;

(b) by such a holder in accordance with the terms of the Mineral Right, non-exclusive prospecting licence or claim concerned; or

(c) as otherwise permitted by this Act.

(2) The holder of a Mineral Right, a non-exclusive prospecting licence or a claim shall not, pursuant to subsection (1) (a), take or send out of any land samples of minerals without the written consent of the Commissioner.

(3) Any person who contravenes subsection (1) or (2) is guilty of an offence and liable on conviction –

(a) in the case of an individual, to a fine of five hundred Kwacha or to imprisonment for a term of six months, or to both; or

(b) in the case of a body corporate, to a fine of ten thousand Kwacha.

119.-(1) The Minister may grant to any person a permit to export minerals from Malawi on conditions determined by the Minister and specified in the permit; but the grant of such a permit does not exempt the person concerned from complying with the requirements of any other law relating to the export of minerals.

Permit to
export
minerals

(2) Any person who exports any mineral from Malawi otherwise than under and in accordance with a permit granted under subsection (1) is guilty of an offence and liable on conviction –

(a) in the case of an individual, to a fine of one thousand Kwacha or imprisonment for a term of two years, or to both; or

(b) in the case of a body corporate, to a fine of twenty thousand Kwacha

(3) This section shall not apply with respect to such minerals as may be prescribed.

120. Where the President considers that any land is required to secure the development or utilization of the mineral resources of Malawi he may direct that the land be compulsorily acquired under the Lands Acquisition Act.

121. The Minister may direct the holder of a Mineral Right or a claim, at a reasonable time and place specified in the direction, to make available to, or produce for inspection by, the Commissioner or an authorized officer, any books, accounts, vouchers, documents or records of any kind, concerning the Mineral Right or claim, and if the holder fails or neglects to do so he is guilty of an offence and liable on conviction to a fine of one thousand Kwacha.

Production of books, etc.

122. A person exercising any right under a reconnaissance licence, a prospecting licence or a non-exclusive prospecting licence on any land shall, if required to do so by any lawful occupier of the land, produce evidence that he is the holder, or an agent or employee of the holder, of such a licence; and if he fails to do so he may be treated as trespasser.

Identity, of persons exercising certain rights, to be established

123.-(1) Subject to any relevant agreement of a kind referred to in section 10, where a Mineral Right has been wholly or partly determined or cancelled, or has expired, the Minister may, by notice served on the person who is or was the holder of the Mineral Right, direct that person to remove or cause to be removed from the relinquished area concerned, all property brought into that area by any person engaged or concerned in the operations authorized by the Mineral Right, or to make arrangements that are satisfactory to the Minister with respect to that property.

Removal of property by holder of Mineral Rights

(2) A person to whom a direction under subsection (1) is given who refuses or fails to comply with the direction within the period specified in the notice by which the direction was given is guilty of an offence and liable on conviction to a fine not exceeding five thousand Kwacha.

124.-(1) Where a direction under section 123 has not been complied with, the Minister –

Removal and sale of property

(a) may do or cause to be done all or any of the things required by the direction to be done;

(b) may remove or cause to be removed, in such manner as he thinks fit, all or any of the property from the relinquished area concerned;

(c) may dispose of, in such manner as he thinks fit, all or any of the property referred to in paragraph (b); and

(d) may, if he has served a copy of the notice by which the direction was given on a person whom he believed to be an owner of the property or part of the property, sell or cause to be sold by public auction or otherwise as he thinks fit, all or any of the property referred to in paragraph (b) that belongs, or that he believes to belong, to that person.

(2) The Minister may deduct from the proceeds of a sale of property under subsection (1) that belongs, or that he believes to belong, to a particular person -

(a) all or any part of any costs and expenses incurred by him under that subsection in relation to that property;

(b) all or any part of any costs and expenses incurred by him in relation to the doing of anything required by a direction under section 123 to be done by the person; and

(c) all or any part of any fees or amounts due and payable under this Act by the person.

(3) The costs and expenses incurred by the Minister under subsection (1) -

(a) if incurred in relation to the removal, disposal or sale of property, are a debt due by the owner of the property to the Republic; or

(d) all plans or maps of the area of land that was subject to the Mineral Right and which were prepared by or on the instructions of the former holder; and

(e) such other documents as the Minister may, by notice given to the former holder, require him to so deliver.

Duty on termination of Mineral Right, etc.

**SECOND SCHEDULE
TRANSITIONAL PROVISIONS AND SAVINGS**

(s.129)

1. In this Schedule -

Definitions

“the commencement” means the 1st day of June, 1981;

“the repealed Act” means the Mining Act repealed by section 130 (1).

2. Except insofar as the context or subject-matter otherwise indicates or requires, nothing in this Schedule affects –

General savings

(a) anything duly done or commenced to be done under the repealed Act;

(b) any liability incurred under the repealed Act;

(c) any penalty, forfeiture or punishment incurred in respect of any offence committed against any provision of the repealed Act; or

(d) any investigation, inquiry, legal proceedings or remedy in respect of any such liability, penalty, forfeiture or punishment,

and any such investigations may be continued or enforced, and any such penalty, forfeiture or punishment may be imposed and enforced, as if this Act had not been enacted.

3. A prospecting right issued under section 13 of the repealed Act that is in force immediately before the commencement is deemed to be a non-exclusive prospecting licence issued on the same conditions under this Act on the commencement -

Prospecting
right

- (a) for the unexpired term (as at the commencement) of the prospecting right issued under section 13; and
- (b) authorizing the holder of the right so issued to prospect in all areas covered by the right for any mineral for which he is authorized by virtue of the right so issued to prospect, and the provisions of this Act apply accordingly.

4.-(1) An exclusive prospecting licence granted under section 18 of the repealed Act that is in force immediately before the commencement is deemed to be an exclusive prospecting licence granted on the same conditions under this Act on the commencement -

Exclusive
prospecting
licence

- (a) for the unexpired term (as at the commencement) of the licence granted under section 18; and
- (b) authorizing the holder of the licence so granted to prospect in the area of land identified in the licence for any mineral identified in the licence, and the provisions of this Act apply accordingly.

(2) The Commissioner shall cause the name of the person who, immediately before the commencement, was the holder of an exclusive prospecting licence granted under section 18 of the repealed Act to be recorded pursuant to section 58 as the registered holder of the exclusive prospecting licence.

5.-(1) A claim that was registered under the repealed Act, and that subsists immediately before the commencement, is deemed to be a claim registered on the same conditions under this Act, and the provisions of this Act apply accordingly.

Claims

(2) The period of validity of a claim to which subparagraph (1) applies is the same as it would have been if this Act had not been enacted, but without prejudice to any right of renewal under and in accordance with this Act.

6.-(1) A mining lease granted under section 43 of the repealed Act that is in force immediately before the commencement is deemed to be a mining licence granted on the same conditions under this Act on the Commencement -

Mining
lease

- (a) for the unexpired term (as at the commencement) of the lease granted under section 43; and

(b) over the area of land subject to the lease so granted in respect of the minerals to which that lease relates, and the provisions of this Act apply accordingly.

(2) The Commissioner shall cause the name of the person who, immediately before the commencement, was the holder of a mining lease granted under section 43 of the repealed Act to be recorded pursuant to section 58 as the registered holder of the mining licence.

7. A permit issued under section 98 of the repealed Act that is in force immediately before the commencement is deemed to be a mineral permit granted on the same conditions under this Act on the commencement, and the provisions of this Act apply accordingly. Mineral permits

8. For the avoidance of doubt it is hereby declared that any prospecting right, exclusive prospecting licence, mining lease or permit to which this schedule applies, is subject to the provisions of this Act which apply to the corresponding instrument under this Act, including, in particular, the provisions of this Act relating to cancellation. General Provision

9. The Minister may, by rules under this paragraph, make whatever provisions seem to him to be necessary or desirable for a smooth transition from arrangements under the repealed Act to arrangements under this Act. Rules

14. (1) The holder of a claim may, in Form VI in the First Schedule, transfer the same, and the transferee shall, within thirty days of the date of the transfer, apply to the Commissioner for registration of the transfer, submitting Form VI in triplicate and, on payment of the prescribed fees, the Commissioner shall register the transfer in the Register of Claims kept pursuant to regulation 19.

Transfer of whole claim

(2) When a claim is transferred, the transferee shall, within thirty days of registration of the transfer, cause his name to be clearly painted on the location beacon of the claim in place of that of the former holder and shall maintain the same during the time that he holds the claim.

15. (1) The holder of a claim may divide his interest in the claim into such shares as he shall think fit, and may, subject to this regulation, allot shares or create or transfer any interest therein.

Transfer of Share in claim, etc.

(2) The holder of a claim shall apply for the registration of any such transfer, allocation or interest with the Commissioner by submitting Form VII in the First Schedule to the Commissioner within thirty days of the transfer, allocation or division concerned.

(3) Where any interest in a claim rests in or devolves upon any person by way of testamentary disposition or otherwise (whether absolutely or as security only) that person shall within thirty days thereafter register the interest with the Commissioner.

(4) When a share in a claim is transferred, the transferee shall within thirty days of registration of the transfer, cause his name to be clearly painted on the location beacon of the claim in addition to those of the other holders of shares and shall maintain the same during the time that he holds any share in that claim.

16. (1) The Commissioner may, for good and sufficient reason, extend the period of thirty days within which an application is required under regulation 14 or 15 to be made, on payment of the appropriate additional fee.

Miscellaneous provisions with respect to transfer of claims

(2) The Commissioner may refuse to register the transfer of a claim, or of any rights or interest hereunder, to any person to whom the issue or renewal of a prospecting right could be refused under the Act or these Regulations.

(3) The transfer shall be liable for compliance with the requirements of the Act and the Regulations, and for the payment of fees, until the transfer is effected, and then such liability shall pass to the transferee.

17. (1) The Commissioner may permit the amalgamation of adjoining claims of the same class so that the total working obligation on each of the claims so amalgamated may be performed on any one or more claims, and so that the prescribed return may be an aggregate in respect of all such amalgamated claims.

Amalgamation of claims

Mines and minerals (Claims) Regulations

[Subsidiary]

(2) An application to amalgamate claims shall be made in Form III in the First Schedule, in duplicate, to the Commissioner who may on payment of the prescribed fees give to the applicants a certificate of amalgamation in Form IV in that Schedule.

18. The Commissioner may, if satisfied that a survey is necessary for the prevention of differences as to the boundaries of the land or for securing a proper definition of the area included or to be included in any claim, give notice to the applicant or the holder requiring the land to be surveyed and a plan approved by the Commissioner for Lands to be submitted.

Survey

19.- (1) The Commissioner shall keep a Register of Claims and of documents assigning or transferring the same or any right, title or interest thereunder.

Registration

(2) The Commissioner shall file in the Register of Claims a copy of every claim.

(3) Any person desiring to register any document assigning, transferring or surrendering any claim or any right or interest under the same, shall send the original document with two copies thereof and two copies of any plan attached to the document, together with the prescribed fee, to the office of the Commissioner with a request that the same shall be registered

(4) The Commissioner having first satisfied himself that the copy of the original document and of the plan (if any) is correct and that the requisite approval of the assignment, transfer or surrender has been obtained, and that the document if liable to stamp duty has been duly stamped, shall endorse on the document over his signature the word "Registered" together with the date on which the document was presented for registration and shall return the document so endorsed to the person who shall have presented the same for registration and shall file a copy in the Register of Claims.

(5) The Commissioner shall, upon request and on payment of the prescribed fees, allow searches in a Register of Claims at all reasonable times, and furnish copies of or extracts from any entry in such Register.

20. Notice shall be given by the Commissioner in the *Gazette* of the grant, cancellation or surrender of a claim.

Notice of grant, etc, of claim

21. Every holder of a claim when not resident in Malawi shall appoint and have at all times when not so resident an attorney who is resident in Malawi and who has full powers to represent the holder in all matters relating to the claim; the holder shall as soon as possible after making such an appointment, send to the Commissioner for his retention a copy of the power of attorney and of any document by which the power of attorney is altered.

Non-resident holder of claim to appoint attorney

(reg. 5)

ROYALTY

1.-(1) In this Schedule-

Interpretation

“disposal of” in relation to a mineral, means the sale, barter, export, deposit as a pledge or security, donation as a gift, or other disposition, with or without consideration, of the mineral, and includes the loss of the mineral by theft or otherwise after the mineral has been obtained;

“gross value”, in relation to a mineral means-

- (a) the actual gross sum realized by the sale thereof, less such deduction as the Commissioner may allow in respect of expenditure on the transportation of the mineral prior to sale or other disposal where it is shown to the satisfaction of the Commissioner that the expenditure was borne or would have been borne by the person for assessed royalty in respect of the mineral; or

Mines and Minerals (Royalty) Regulations

[Subsidiary]

- (b) where subparagraph (2) applies, the sum determined by the Commissioner pursuant to that subparagraph;

“precious metals” has the meaning assigned thereto by section 98 of the Act;

“semi-precious stones” means agates and such other stones as may be prescribed as being semi-precious stones for the purposes of the Act.

(2) Where-

- (a) any mineral is not sold or is disposed of otherwise than by way of sale; or
- (b) in the opinion of the Commissioner any mineral is disposed of for a consideration less than its true value,

the Commissioner may determine the sum for which, in his opinion, the mineral could be, or could have been, disposed of and that sum is the gross value of the mineral.

2. Royalty is payable in respect of-

Rates of royalty

(a) building and industrial minerals at the rate of-

- (i) seven per centum of the gross value of the minerals where the minerals are exported in an unmanufactured state; or
- (ii) five per centum of the gross value of the minerals in any other case;

(b) precious stones at the rate of-

- (i) ten per centum of the gross value of the minerals where the precious stones are exported as rough uncut stones; or
- (ii) five per centum of the gross value of the minerals in any other case;

(c) semi-precious stones at the rate of-

- (i) ten per centum of the gross value of the minerals where the semi-precious stones are exported as rough uncut stones; or
- (ii) five per centum of the gross value of the minerals in any other case;

(d) radioactive minerals at the rate of five per centum of the gross of the value of the minerals;

(e) precious metals at the rate of five per centum of the gross value of the minerals; or

(f) any other minerals at the rate of-

- (i) five per centum of the gross value of the minerals where the minerals are exported in an unmanufactured state; or
- (ii) five per centum of the gross of the minerals in any other case.

SCHEDULE

MINING (SAFETY) REGULATIONS

Under s. 128

G.N.
99/1982

PART I

PRELIMINARY

1. These Regulations may be cited as the Mining (Safety) Regulations, and shall apply to all mining and prospecting operations including quarrying and open cast working.

Citation and
application

L.R.O.1/1983

LAWS OF MALAWI

Mines and Minerals

Cap. 61:01

92

Mining (safety) Regulations

[Subsidiary]

Interpretation

2- (1) In these Regulations, unless the context otherwise requires-

“bank” means the top, and the area immediately surrounding the top, of a shaft or winze;

“conveyance” means a truck, cage, skip, bucket or kibble;

“haulage way” means any inclined rail-track, not being an inclined shaft, on which conveyances are raised or lowered while attached to a rope which is attached to or surrounds a drum;

“inspector” means an officer appointed under section 5 of the Act;

“kep” means a device in a shaft or at bank on which conveyances used in a shall rest;

“manager” means the person responsible for the management of operations;

“operations” means mining and prospecting operations including quarrying and opencast working;

“tramming” means the movement on rails of conveyances for which the motive power is secured only to the conveyances.

(2) For the purposes of the definition “haulage way” “inclined shaft” means an inclined rail-track, whether underground or partly underground, rising overall more than .25metre vertically in .30 metre horizontally on which conveyances are raised or lowered while attached to a rope which is attached to or surrounds a drum.

3.(1) A copy of these Regulations shall be kept available for easy reference on all land where operations are being carried out.

Regulations to be kept available for reference

(2) An abstract of these Regulations shall be kept posted in such a place that all persons employed in operations shall have access to and the opportunity to read them.

4-(1) A manager may give written directions for the conduct and guidance of persons employed in operations.

Power of manager to give written directions

(2) Such directions shall not come into force until approved in writing by the Commissioner.

(3) Such directions shall remain in force until cancelled by the Commissioner or by the manager with the written consent of the Commissioner.

(4) A copy of such directions shall be kept posted in such a place that all employees shall have access to and the opportunity to read them.

(5) Any person employed in operations who contravenes any such directions applicable to him is guilty of an offence.

5. Notice of the proposed starting, re-starting or cessation of operations shall be sent to the Commissioner by the manager concerned in the form set out in the schedule.

Notice to be given on starting and stopping work

Mining (Safety) Regulations

[Subsidiary]

PART II
HEALTH, SAFETY AND ACCIDENTS

6. It is the duty of the manager to ensure that all necessary measures are taken for the prevention of danger to life or property whether or not the measures are specified in these Regulations.

Duty of manager to take measures to prevent danger

7. A manager or foreman or person in any similar supervisory capacity shall not, by his instruction, default or negligence, cause or permit to exist any state of affairs which is reasonably calculated to endanger the safety of persons or property.

Duty of all persons in authority to prevent danger

8. No person employed in operations-

Negligence of employees

(a) shall fail to take all necessary and proper precautions to ensure the safety of persons and property;

(b) shall act in such an unskillful or unworkmanlike manner as to be likely to endanger persons or property;

(c) shall, without authority, remove, alter or render unserviceable any structure, apparatus or machine, which is intended to provide for health or safety.

9. Any person employed in operations who observes anything which he considers might be dangerous to life or property shall-

Action on observing danger

(a) take immediate measures to prevent the entry of persons into the danger area;

(b) take all measures necessary to obviate the danger if it is safe to do so and if it is his normal duty to do so; and

(c) inform a person in authority over him of the danger, if he has not taken all measures necessary to obviate it.

10.- (1) No material or object shall be placed or permitted to remain in any place from which it might fall, or in any place in which it might be accidentally pushed and thereby caused to fall, constituting a danger to persons or property.

Measures against falling

(2) Where persons may be expected to stand, walk or work near the edge of any excavation or structure, there shall be maintained fencing, barricades, walls, or similar structures, adequate to prevent persons from falling over such edge.

(3) Every person working in a place from which he might slip or fall a vertical distance of more than 2 metres shall be provided with and shall wear a safety belt in good condition and constructed from sound and suitable material; and such safety belt shall be securely attached to a rope, of adequate strength, which shall be either fastened to a strong anchorage or firmly held and controlled by a person other than the wearer of the safety belt.

Mining (Safety) Regulations

[Subsidiary]

11. Fencing, barricades, walls and similar structures shall be provided and maintained to prevent entry into every unused excavation.

Fencing of
unused
excavations

12. Overhead cover of adequate strength shall be provided and maintained for the protection of persons who otherwise might be exposed to danger from falling objects

Overhead cover

13. Every person underground and every person employed in operations who may be exposed to danger from falling objects shall be provided with and shall wear a safety helmet of a pattern that has been approved by an inspector.

Safety helmets

14. Every person under ground and every person employed in operations who moves rock manually shall be provided with and shall wear safety footwear of a pattern that has been approved by an inspector.

Safety footwear

15. Every person employed in operations who breaks rock by hammering shall be provided with and shall wear leg-guards and goggles, each being of a pattern that has been approved by an inspector.

Leg-guards and
goggles

16. Where, in connexion with any process, there is produced dust of a kind and quantity as to be likely to be injurious to persons, the manager shall ensure-

General dust
precautions

(a) that the entry of the dust into the air, and its accumulation in any place where it might be harmful, is minimized by means of adequate measures taken as near as possible to the point of origin of the dust; and

(b) that any of the dust which enters the air is trapped, removed, or so dispersed as to render it harmless.

17. Every percussion rock drill used in underground workings-

Dust from rock
drills

(a) shall be supplied with water at a pressure of not less than 2.20 kilograms per square centimetre and in such quantity and manner that all dust made by drilling is wetted; and

(b) shall be fitted with front-head air release ports.

18. The Commissioner, for the purpose of safeguarding (to such extent as he thinks necessary) the health of persons who might be exposed to radio-activity, may issue written instructions, and such instructions shall be obeyed.

Safeguards
against radio-
activity

19.- (1) Wherever persons are employed in operations there shall be provided and maintained, in a readily accessible place, a first aid box or cupboard equipped to the standard prescribed in regulations 2 to 4 inclusive of, and the Schedule to, the Factories (First Aid) Regulations.

First aid
equipment

(2) Nothing except appliances or requisites for first aid shall be kept in a first aid box or cupboard.

Cap.55:07
Sub. Leg
p. 63

Mining (Safety) Regulations

[Subsidiary]

(3) There shall also be provided and maintained such additional equipment as an inspector may in writing direct; for the purposes of this subregulation “equipment” includes ambulances, and sling-stretchers suitable for raising persons from excavations.

(4) Every first aid box or cupboard, and all additional equipment provided in pursuance of subregulation (3), shall be placed under the charge of responsible persons of whom at least one shall be readily available during every working hour.

20.-(1) If an accident occurs during operations which results in-

- (a) loss of life, or grievous harm as defined in section 4 of the Penal Code, to any person; or
- (b) serious damage to the property of any person or of the Government,

Reporting accidents

Cap.7:01

the manager shall without delay report the accident by telephone or telegram to the Commissioner or to an inspector and shall also send, to the same official, full details of the accident in writing as soon as reasonably practicable.

(2) After an accident such as described in subregulation (1) (a) has occurred, the scene of the accident shall be left undisturbed until the Commissioner or an inspector has completed an investigation of the accident; but nothing in this subregulation shall be construed so as to require any delay in the carrying out of rescue work, or work necessary for the safety of persons or property, or in the resumption of operations after 72 hours have elapsed since the time of the accident.

(3) Nothing in this regulation shall relieve any person of any duty to report the accident, or to take any other action, which he may have under any other written law.

PART III**SURFACE AND UNDERGROUND OPERATIONS IN GENERAL**

21. Every dragline, face shovel, front-end loader, grab, or similar appliance loading into a vehicle, shall have an attendant who shall control the movements of such appliance and vehicle and shall prevent persons from entering an area where they might be exposed to danger from such movements.

Attendant required for excavating machines

22. No person shall remain in a vehicle while it is being loaded by an appliance mentioned in regulation 21 if he is endangered by so remaining.

No person to remain during loading of vehicle if thereby endangered

23. A vehicle transporting persons, goods or materials-

- (a) shall be in good repair and efficient working order;

Operation of vehicles

Mining (Safety) Regulations

[Subsidiary]

(b) shall be driven in a skilful, careful and workmanlike manner; and

(c) shall not be loaded in such a manner or to such an extent as to interfere with its safe operation or its capability of being safely driven.

24. Where a vehicle is used for tipping material into any bin, pit or excavation or over the edge of any embankment or earthwork, there shall be provided adequate physical means of preventing the vehicle from overrunning the edge of such bin, pit, excavation, embankment or earthwork.

Safeguards to prevent vehicles from over-running

25. Water containing poisonous or injurious substances shall be retained in an area or receptacle which shall be fenced or closed in such a manner that neither persons nor animals can have easy access to it, and adequate notices shall be displayed warning against the use of such water.

Safeguards for poisonous or injurious water

26. All artificial watercourses, drains, dams and spillways shall be of a size and strength that is adequate for their purpose.

Structures controlling water to be adequate

PART IV

SURFACE OPERATIONS

27. No face cut by hand in an opencast working or quarry shall be undercut.

Under-cutting by hand forbidden

28. The manager of an opencast working or quarry shall ensure that all faces are frequently and adequately thoroughly examined for cracks and subsidences by a person competent to assess the likelihood of a fall or slip and the danger likely to arise from any such fall or slip.

Faces to be examined

29.-(1) An inspector may give such orders concerning the faces of opencast workings or quarries as he considers to be necessary for the safety of persons or property, and such orders shall be obeyed.

Inspector may give orders for safety of faces

(2) Without prejudice to the generality of subregulation (1) such orders may relate to-

- (a) the steepness of slopes;
- (b) the construction of benches;
- (c) the horizontal width of benches;
- (d) the vertical interval between benches; and
- (e) the drainage of water on or near faces or benches.

Mining (Safety) Regulations

[Subsidiary]

PART V

UNDERGROUND OPERATIONS

30.-All parts of an underground working in which work is in progress or which can be used for travelling shall be adequately supported so that ground or rock therein cannot fall.

Support of excavations

31.-An inspector may give orders concerning the locality and dimensions of pillars to be left in underground workings for the safety of underground workings or for the safety of persons or structure whether above ground or underground, and such orders shall be obeyed.

Safety pillars

32.-No person shall pass through or be required to pass through an unsafe place, and no person shall remain or be required to remain in an unsafe place unless he is working to make that place safe.

Persons not to be in unsafe places

33.-All necessary measures shall be taken to ensure that all persons underground are in an atmosphere which does not contain gas or dust in quantities that are dangerous to health, and which in circulation, temperature and relative humidity creates conditions in which work can be performed without distress.

Healthy atmosphere to be ensured

34.-In any underground part of a mine in which work is being carried on there shall be provided suitable and adequate means by which persons working there can reach the surface by a route which does not necessitate the use of mechanical or manual hoisting or hauling; and an inspector may order that there shall be a second such route from any underground part of a mine if in his opinion a second route is necessary for safety, and such order shall be obeyed.

Egress to be possible without hoisting or hauling, etc.

35.-Whenever there is reason to believe that workings may be near to abandoned workings or to an accumulation of water, then boreholes not less than 3 metres long shall be drilled ahead of the newer workings and boreholes of the maximum depth which space allows or 3 metres deep, whichever is the less, shall be drilled above, below and to each side of the newer workings.

Precautions regarding approach to abandoned workings or water

36.-(1) Every machine while working at pumping, hauling or hoisting shall be brightly illuminated.

Illumination

(2) The leading truck of a train, and any solitary truck, when in motion, shall carry a light in front.

(3) Every person in any underground part of a mine, which has no fixed illumination shall be provided with a light designed to last for not less than the period for which he is expected to remain underground.

Mining (Safety) Regulations

[Subsidiary]

37.-Where persons walk in tunnels in which tramming takes place there shall be either-

Clearance or
refuges in
tunnels

(a) clearance of not less than .50 metre between each side of the tunnel and the widest conveyance used therein; or

(b) refuges provided at intervals of not more than 30 metres, each of which being large enough to allow 3 persons to stand clear of any passing conveyance.

38.-In all haulage-ways, shafts and winzes in which persons may be expected to walk or climb while conveyances are in motion in them, there shall be a traveling-way which shall be completely separated, from the part in which conveyances move, by a partition strong enough to protect persons in the travelling-way from falling objects.

Travelling-ways
in shafts, etc., to
be partitioned

39. All ladders shall-

Construction and
erection of
ladders

(a) be at all times sufficiently strong to be safe for use;

(b) be securely fastened in position save as provided in regulation 42;

(c) be erected so that they do not overhang persons using them;

(d) rise less than 1.75metres vertically in a horizontal distance of .30 metre if they exceed 9 metres in length

(e) be so placed that the free tread of feet on the rungs is not obstructed; and

(f) have rungs not more than .25 metre apart, center to center.

40. Ladders, if placed against the top of any platform required by regulation 41 or the top of any shaft or winze, shall project not less than 1 metre above such top except where strong handgrips are fastened above such top for not less than 1 metre and at vertical intervals of not more than .25 metre.

Ladders to
project above top
of platforms etc.

41. All ladderways-

Platforms in
ladderways

(a) rising more than .80 metre vertically in .30 metre horizontally shall have platforms at vertical intervals of not more than 9 metres and the manhole in every such platform shall be covered by any ladder resting on the platform;

(b) rising more than .20 metre vertically in .30 metre horizontally and less than .80 metre in .30 metre horizontally shall have platforms at verticals of not more than 18 metres.

42. In all shafts and winzes that are being sunk or deepened-

Ladders during
sinking or
deepening to be
provided

(a) chain ladders shall be provided to extend from the bottom timbers to the bottom of the shaft or winze and such chain ladders shall not be more than 9 metres long; and

(b) fixed ladders shall be provided from the bottom timbers upwards.

Mining (Safety) Regulations

[Subsidiary]

43. While work is in progress at the bottom of a shaft or winze, no work shall be performed above the bottom and no conveyance shall be hoisted or lowered in the shaft or winze unless all persons employed at the bottom are protected from falling objects by a platform of adequate strength which extends over the entire area of the shaft or winze and any openings in the platform are kept shut when not in use.

Platform to protect persons at bottom of shaft or winze

PART VI

HAULING AND HOISTING

44. Haulage ways and conveyances on them shall be equipped with such devices as an inspector directs or approves to effect the derailment of any runaway conveyance.

Derailement devices on haulage ways

45. No haulage or hoist powered by a prime mover shall be brought into operation until after it has been examined by an inspector and he has stated in writing that it is satisfactory and may be brought into operation.

Power operated haulages and hoists to be examined

46. All mechanical failures, malfunctions and accidents occurring to or in connexion with any haulage or hoist shall be reported immediately to an inspector.

Mechanical defects and accidents to be reported

47. At the brow of every haulage way there shall be a device approved by an inspector which can be used and shall be used in such a manner that conveyances cannot move onto the incline until required to do so.

Device at brow of haulage way to prevent accidental descent

48. The drum in connexion with all hauling and lowering apparatus used with a haulage way shall be so placed that the operator of the drum has a clear view of the brow of the haulage way.

Operator of drum to have clear view of brow

49. The drum in connexion with all hauling and lowering apparatus shall be equipped with an effective brake capable of holding without slipping when no prime mover is connected to the drum twice the normal maximum load.

Drum of haulage apparatus, etc., to be equipped with brake

50.—(1) Every haulage way longer than 15 metres in which the operator of the hauling or lowering apparatus does not have a clear view of the other end of the haulage way, and every haulage way longer than 60 metres, shall have a device for communicating definite signals between stopping places and the hauling or lowering apparatus.

Signalling apparatus for haulage ways

(2) The signals referred to in subregulation (1) shall conform with regulations 56 (1) and 57 and shall be displayed in the manner prescribed in regulation 58.

*Mining (Safety) Regulations***[Subsidiary]****51.** In regard to every hand-operated windlass-

Construction and use of hand-operated windlasses

- (a) the handles shall be so made that no part of them can revolve in the drum;
- (b) the supports of the drum shall be so made that they are rigid;
- (c) the drum shall be of sufficient height above the top of the shaft or pit to allow any article hoisted by the rope to swing clear of the top;
- (d) the drum shall be equipped with an efficient brake capable of holding without slipping twice the normal maximum load;
- (e) the rope shall be securely fastened to the drum and there shall be at least four turns of the rope round the drum when the free end of the rope is at the bottom of the shaft or pit; and
- (f) Every the windlass shall not be used for hoisting or lowering for a vertical distance greater than 30 metres.

52. Every winding engine which is powered by a prime mover and which is used in connexion with a shaft or winze shall be-

Construction of winding engines

- (a) fitted on each drum with an efficient brake capable of holding without slipping when the prime mover is not connected to the drum twice the normal maximum load;
- (b) so constructed that the rope cannot slip off the drum; and
- (c) fitted with a means of showing the position of every conveyance if hoisting is done from more than one place.

53.-(1) Every rope used for hoisting in a shaft or winze shall-

Requirements regarding ropes for hoisting

- (a) be capable at every part of its length of supporting at least six times the normal maximum load;
- (b) be passed round its drum at least four times when any conveyance hoisted by it is at its lowest point of travel;
- (c) be examined thoroughly at monthly or more frequent intervals by a competent person who shall be appointed by the manager and who shall enter in a book kept solely for the purpose the following particulars-
 - (i) identification of the rope which was examined;
 - (ii) the date of the examination
 - (iii) details of any defects observed; and
 - (iv) his signature at the end of the entry.

(2) The rope used for hoisting in a shaft or winze shall be made of wire if the portion in use is longer than 30 metres.

(3) Every rope made of wire and used for hoisting in a shaft or winze-

- (i) shall be adequately lubricated at monthly or more frequent intervals; and
- (ii) shall be re-capped at least once every six months.

Mining (Safety) Regulations

[Subsidiary]

54.-(1) All cages used for raising or lowering persons shall-

Construction of cages

- a) be completely covered by a roof and be closed in on both sides;
- b) be fitted with gates or bars at both ends, adequate to prevent any person falling out;
- c) have prominently exhibited inside, a notice stating the maximum number of persons permitted to travel therein;
- d) be equipped with such guide-shoes, safety-catches, and detaching devices, as an inspector directs.

(2) No person shall enter a cage if by so doing he would make the number of persons about to travel therein exceed the maximum permitted number.

55. All shafts and winzes in which winding takes place over a length greater than 30 metres shall-

Equipment of shafts

- a) be equipped with a winding engine powered by a prime mover;
- b) be equipped with an effective device for transmitting signals between the driver of the winding engine, each station in the shaft, the bank, and the bottom if sinking or deepening is in progress;
- c) if vertical, be equipped with effective guides for any conveyance being wound;
- d) if used for winding persons-
 - (i) be equipped with gates at bank and at all levels; and
 - (ii) be equipped with keps at bank.

56.-(1) The code of signals to be used in connexion with winding shall be-

Code of winding signals

<i>Knocks or rings</i>	<i>Meaning</i>
1	Raise, when conveyance is at rest
1	Stop, when conveyance is in motion
2	Lower
3	Persons are about to travel
5	Blasting signal
7	Accident signal

(2) Upon hearing the blasting signal, the engine driver shall forthwith raise the conveyance about 3 metres and then lower it to its previous position.

57. The manager may authorize signals in addition to, but not inconsistent with, the code prescribed in regulation 56 (1).

Additional signals

58. At every place where the signals prescribed in regulation 56 (1) can be made or received, the code of signals including any additional signals authorized pursuant to regulation 57 shall be displayed in characters sufficiently large to be read without difficulty from a distance of 3 metres by a person with normal sight.

Signal code to be displayed

*Mining (Safety) Regulations***[Subsidiary]**

59.-(1) The manager shall appoint as a winding engine driver only a person-

- (a) having no physical infirmity likely to interfere with the efficient performance of his duties; and
- (b) who has proved to the satisfaction of the manager that he possesses the skill and knowledge necessary to perform his duties efficiently.

Appointment of drivers of winding engines, etc.

(2) Notwithstanding subregulation (1), the manager may in writing appoint a learner winding engine driver not having the skill and knowledge referred to in paragraph (b) thereof if, and only if, the manager ensures that the winding engine is operated by the learner only when under the close supervision of a winding engine driver appointed in accordance with that subregulation.

(3) Subject to subregulation (2), no winding engine shall be operated except by a person who has been appointed in writing by the manager in accordance with subregulation (1).

60. A winding engine shall not be operated except after receipt of a signal prescribed in regulation 56 (1) or 57.

Winding engine to be operated only after signal

61. No winding engine shall be operated while there is any known or suspected defect in it or in any appliance moved by it or in any appliance controlling such movement, except for such operation as is necessary for the repair or investigation of a known or suspected defect.

Winding engine not to be operated in fault known or suspected

62. The drum of a winding engine shall not be unclutched unless the brake has been tested immediately beforehand by applying power to the drum in the direction of the load after the brake has been applied to the drum and it has been proved that the brake is capable of holding the load being carried by that drum.

Drum not to be unclutched before testing brake

63. Power alone shall be employed in lowering a conveyance; lowering on brakes only is prohibited

Lowering on brakes prohibited

64. All material which projects above the top of a conveyance while being raised or lowered in a shaft or winze shall be fastened to the winding rope or to the conveyance in such a manner that it cannot come into contact with any other plant or equipment.

Material projecting above conveyance to be secured

65. The distance between bank and the lowest part of any winding sheave shall be not less than 8 metres or twice the maximum circumference of the drum of the relative winding engine plus the height of the tallest conveyance used plus the capping of the rope, whichever is the less.

Clearance under winding sheave
